BOOK REVIEW

By C. H. DICKEY
"Wild Geese," by Martha Ostenso. \$2. Dodd, Mead & Co., 443 Fourth Ave., N. Y. C.

Martha Ostenso has sprung to the forefront of fiction writers with the appearance of her first work, "Wild Geese."

"Wild Geese" is a prize novel, having won its author the handsome sum of \$13,500. This at once arouses one's curiosity as to the book.

All in all, I think it one of the best stories which has appeared in many months. It is a story of the Northwest, and brings that great section vividly before the reader. A man has sold his soul and his family to the soil. The heroine rebels against the fate that binds her to so narrow a life. And the story of her struggle for freedom begets a pretty sympathy for her as well as righteous contempt for her father.

This book does what the average story does not do—every page of it holds the reader's interest. It is scarcely too much to say that every paragraph holds that interest.

Willis Cather dealt with this great Northwest in "One of Ours," but this story is superior from every angle.

"Wild Geese" is a book to be enjoyed, and constitutes a handsome addition to one's collection of stories.
