ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.
"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.
"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."
Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NO. 164

WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, Zipsfield Folios and screen star, and leading American humorist. More coming. Watch for them.

News Taken from the Daily Papers

A headline in the paper says "In their war China won't fight on rainy days." They don't mind getting shot, but they won't get wet.

Imagine a sign as you start to enter China: "RAIN. NO WAR TODAY." If that was the custom in this country, we could prevent all wars by announcing that all the fighting must be done in Portland, Oregon.

Another paper asks, "Where does a Florida Real Estate man go in the summer?" He goes to California to his all-the-year-round home.

A newspaper asks "Why does a President of a concern always talk at the Company's banquets?" It's an incentive to the workers, who say, "If that's all he knows I may be President some day."

Another paper suggests, "The cheapest way to enforce Prohibition is to have everyone that drinks watched." Who is going to do the watching?

An article in a Business Man's magazine inquires, "What business in this country has the largest turnover?" Cucumbers for supper have the largest turnover, with Fords a close second.

The Congressional Record speaking editorially, says, "Bull" Durham is the best Tobacco that ever entered these State's Halls."

MARCH 22, 1923

1,000,000

DECEMBER 16, 1925

1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, with in two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!

TEN-ACRE TOBACCO CROP BRINGS \$6,000.00

(Clipping from The Raleigh News & Observer)
"Kinston, N. C., Nov. 12th.—A ten-acre crop of Tobacco on the farm of J. E. Mumford of Pitt County has paid him more than \$6,000 this fall. He has received more than \$800 per acre for the production in spite of the early season slump. Most of the \$6,000 represented profit to Mumford, according to warehouse acquaintances here, since he is a "live-at-home" grower, producing his own pork, grain, and other necessities."

MR. MUMFORD USED 1,000 POUNDS PER ACRE OF OUR VELVET TOBACCO GROWER

Williamston, N. C.
January 14th, 1926.
Chas. W. Priddy & Co., Inc., Norfolk, Va.
Gentlemen:
I used on my tobacco crop in 1925 750 pounds per acre of VELVET TOBACCO GROWER, and on another part of my crop 1,000 pounds per acre of your SUNSHINE TOBACCO GROWER.
We had 5 acres in tobacco, from which we harvested 7,298 pounds, and sold the same for a net return of \$3,023.01. This, you will see, is a net yield of something over \$625.00 per acre failed to make a good crop of tobacco since we intend to use your goods on my 1926 crop. ing your goods.

Gentlemen:
I have been using your fertilizer for several years and I think there is none better made by any one, and but few, if any, as good. I have used your goods on all my crops and will gladly recommend them to any one, and especially your tobacco goods. I have never used anything else for tobacco since we have used your goods. I have never used anything else for tobacco since we have used your goods.
