**ALL IN A NUTSHELL**

We simply "threw a fit" when we heard about one of our farmer friends a few miles from town who brought a load of produce in last week and as he got such a good price for it he thought he'd surprise his wife by buying himself a new suit, shoes, and hat; putting them under the back seat. He stopped on his way home and taking off all his old clothes threw them in the river; after looking under the seat for his new outfit and finding that some one had stolen it, he got back in the wagon and said, "Giddap, Dobbin, we'll surprise her anyhow." The next biggest surprise for her would be to burn Lindsley-Lilley Ice Co.'s coal. Its heat-producing qualities and lasting power would certainly draw her appreciation.
