ORGANIZED ATHEISM IN THE HOW DO WE KEEP THE LORD'S
UNITED STATES DAY?

Atheism is aggressive in America
today. We now have the "American
Association for the Advancement of
Atheism," which was recently formed
in New York, where it now has head-
quarters. The Association applied for
a charter, which was denied; yet they
are going ahead with their work.

We do not know why such an asso-
ciation should be interested in break-
ing the faith upon which the very
foundations of our government is
built.

It would be interesting to know who
it is that is willing to spend money,
energy, and time to change the whole
plan of our American system that
puts God first to a system of atheism
that puts man ahead.

The principal work of the associa-
tion so far has been to circularize the
senior classes of the universities of
America, and especially the church
schools.

Naturally, one thing appeals to
most people; that is to make him
believe he is superior to others. Of
course, they appeal to the vanity of
the young man, who has a knowledge
of science, and they drive a wedge
between the young student of science
and the God of science, the Creator
of the scientist, and the Maker of the
things which science discovers.

Sometimes bitter controversies rage
among Christians, which always wiles
the faith in some one.

When Christian people get into con-
troversies with themselves and others,
outsiders naturally fall to understand
that we are possessed of God and the
love of Christ, and obedience to the
Holy Spirit.

There is really no place for atheism
in the human heart that trusts, loves,
and serves.

Then we must stand for Christian
living.

Elder Sylvester Hassell has recent-
ly issued a tract on the question of
evolution, in which he rightly divides
the things of God from the thoughts,
acts, and works of the scientist.

We can't be too vigilant in holding
up Christ if we would block atheism.

MOTOR CARS AND EDUCATION
COSTS TO THE STATE

According to the records of the
State automobile department and the
board of education, North Carolina
people spent \$71,000,000 for automob-
iles in 1926, which is more than three
times as much as we spent for edu-
cation.

All the money paid for automobiles
was spent voluntarily and willingly,
while a large part of the money that
went to schools was paid because the
law required it.

The entire tobacco crop was not
enough to pay for the purchase of
automobiles. It is hard to estimate
the cost of running all the cars of the
State. If we take \$1 as the daily cost
—as many people give it—to operate
a car, then it cost the people in North
Carolina \$125,000,000 last year, which
is something over \$50 for every per-
son.

How are we going to stand an an-
nual expenditure, most of it for pleas-
ure, that costs us more than the cot-
ton, tobacco, and peanut crops, all
together, sell for.

THE LETTER-BOX

WANT JAMES L. COLTRAIN FOR
COUNTY COMMISSIONER

Editor of the Enterprise:
Since Bear Grass Township has held
the position of county commissioner
for several terms, we feel it now be-
longs to Griffins Township.

Quite a number of citizens of Bear
Grass hope to see the name of Mr.
James L. Coltrain up before the pri-
mary in June. We feel that he is
safe and sound and that he is well
qualified for the position.

SEVERAL VOTERS
OF BEAR GRASS.

April 12, 1926.

EXPERT HERE

F. H. Seelye, of Chicago and Phila-
delphia, the noted truss expert, will
personally be at the Proctor Hotel,
and will remain in Greenville Wed-
nesday only, April 21st. Mr. Seelye
says: "The Spermatic Shield will not
only retain any case of rupture per-
fectly, but contracts the opening in
10 days on the average case. Being
a vast advancement over all former
methods—exemplifying instantaneous
effect immediately appreciable and
withstanding any strain or position,
no matter the size or location. Large
or difficult cases or incisional ruptures
(following operations) specially sol-
icited. This instrument received the
only award in England and in Spain,
producing results without surgery, in-
jections, medical treatments or pre-
scriptions.

CAUTION—All cases should be cau-
tioned against the use of any elastic
or web truss with understraps, as
same rest where the lump is and not
where the opening is, producing com-
plications necessitating surgical op-
erations. Mr. Seelye has documents
from the United States Government,
Washington, D. C., for inspection. He
will be glad to demonstrate without
charge or fit them if desired. Busi-
ness demands prevent stopping at any
other place in this section.

N. B.—Every statement in this no-
tice has been verified before the Fed-
eral and State courts.—F. H. Seelye,
Home Office, 117 N. Dearborn St.,
Chicago

P. S.—Fraud arising—Many com-
plaints have reached me from disas-
trophed purchasers that certain parties
have been traveling about under mis-
representations—imitating my ads and
claiming to be associated with me or
my establishment. Substituting an
inferior imitation for my goods and
improperly fitted, all of which is false
and fraudulent and an imposition on
the purchaser.

CARD OF THANKS

We wish to thank all of those who
were so kind to us during the few
hours' illness and at the time of the
death of our husband and brother.
Their ministrations of sympathy will
never be forgotten.

Mrs. HENRY DANIEL
Miss MAMIE LANIER
JOE LANIER.

NOTICE

In the superior court, before the
clerk.
State of North Carolina; County of
Martin.

Trust Co., receiver of the Farmers
Banking & Trust Co. will make ap-
plication to Hon. M. V. Barnhill, res-
ident judge of the second judicial dis-
trict, at the offices of Simmons &
Kling, in the city of Rocky Mount,
N. C., on the 10th day of April, 1926,
at 7:30 p. m., for confirmation of the
sale of the above described property
to the Bank of Robersonville for the
sum of twelve thousand five hundred
(\$12,500) dollars.

This March 29th, 1926.
GREENVILLE BANKING
AND TRUST CO.,
Receivers.
Dunning & Moore, attorneys. 1t

NOTICE OF ADMINISTRATION
The undersigned, having been ap-
pointed and duly qualified as Admin-
istrator of the estate of Abner Bur-
nett, deceased, all persons having
claims against said estate are notified
to exhibit the same before him on or
before the 6th day of April 1927 of
this notice will be pleaded in bar of
their recovery. All persons indebted
to said estate will please make im-
mediate payment.

This the 6th day of April 1926.
Ed Burnett, Administrator Abner
Burnett, deceased.
HUGH G. HORTON, Atty. a66t

NOTICE OF SALE
Notice is hereby given that under
and by virtue of the power and au-

thority contained in a certain deed of
trust made and executed on the sec-
ond day of February, 1925, by W. R.
Boston and wife, Annie M. Boston, to
the undersigned trustee, said deed of
trust being of record in the public
registry of Martin County in book
Q-2, at page 261, register of deeds
office, and said deed of trust having
been given to secure the payment of a
certain note of even date and tenor
therewith, default having been made
in the payment of the indebtedness for
which said deed of trust was given,
and at the request of the holder of
said note and deed of trust, the un-
dersigned trustee will on Monday, the
12th day of May, 1926, at 12 o'clock
m., in front of the courthouse door
of Martin County, at Williamston, N.
C., offer for sale, at public auction,
to the highest bidder, for cash, the
following described real estate, to wit:

That certain tract or parcel of land
in Martin County, adjoining the lands
of A. L. Cordon, Minnie Cordon, and
others, and being the same land con-
veyed to W. R. Boston by W. J. Bos-
ton, by deed dated January 26th, 1916,
and of record in the Martin County
registry, said tract or parcel of land
containing twenty-one (21) acres,
more or less.

This the 10th day of April, 1926.
F. H. WATTS,
Trustee.
Hugh G. Horton, attorney. a13 4tw

Early Fertilization
Pays On Cotton

Much of the weevil problem involved
by getting a crop set before the weevils
have a chance at it. To this end,
it is doubtful if there is anything that
counts as much as the kind of fertilizer
that is used.
Successful planters and experiment
stations steadily recommend
fertilizers carrying quick acting Nitro-
gen. For this purpose Nitrate of Soda
is used throughout the South at the
rate of from 100 to 200 pounds per
acre together with 200 to 300 pounds
of Acid. One of the best known and
most successful of cotton planters
wrote in a recent issue of "The Pro-
gressive Farmer" as follows:
"Once great aim in particular
should be to get a good set of fruit
early in the season, before the weevils
get so numerous as to get all
squares that are set, and quickly
available nitrogen I find highly
valuable as a means of doing this.
I use 1000 pounds per acre of a mix-
ture made up of 400 pounds acid
phosphate, 400 pounds of nitrate
of soda and 200 pounds of kainit."

The Kainit is important wherever
there is a tendency to rust; otherwise,
it may not be generally needed.
It is moreover important that plenty
of the Acid and Soda be put under
the crop, in order that it may come up
growing and push off into vigorous
growth and quick fruitage. It is safe
to say that upon early fertilization de-
pends much of the success to be had
in beating the weevil at his own game. (4)
