INDIGESTION

North Carolina Lady Says She Had An Awful Time With Indigestion, Till She Took Black-Draught.

Pilot Mountain, N. C.—"For several years I suffered with a bad case of chronic indigestion," says Mrs. Sam C. Inman, of this place. "I had bad spells with my stomach. At times I had severe pains in my right side. My stomach would get upset and I would have an awful time. It seemed like everything I ate disagreed with me. I was in pretty bad shape."
"My husband had been using Treadford's Black-Draught for some time for indigestion. He had spells of it too, so he suggested that I try Black-Draught. I took some from his box, just to see if it would help me, and I found it was the very thing for my trouble. It did me a great deal of good. My condition was brought on by a chronic case of constipation and, by getting relief from this, I found my general health was much better."
"We keep Black-Draught in the house all the time. Whenever I find I need it, I take several doses and thus avert a bad spell of indigestion. It is a splendid medicine and I am glad to say so."

AN APPRECIATION
(Six hundred votes were cast for W. J. Taylor in the primary Saturday—With apologies to Alfred Tennyson.)

Voters to the right of them,
Voters to the left of them,
Grimaced and frowned,
Stormed at with pencil and ballot,
Boldly they came forward,
Into the jaws of defeat,
But not the mouth of despair,
Voted the loyal six hundred.

Forward against great odds,
Came the six hundred.

When can their glory fade?
Oh, the faithful effort they made,
All the county wondered,
Honor and courage they made;
I honor the loyal brigade,
The noble six hundred.

READ THE TRUTH ABOUT KILLING INSECT PESTS

In the first place—don't pay a Big Price for an insecticide

Why pay a big price for an insecticide or buy expensive spraying apparatus when so little as 25c buys a generous size of Bee Brand Insect Powder—sufficient to rid your home of insects, or to prevent insects invading it for a long time to come. Bee Brand Insect Powder is not only a most effective insecticide, but it is also the least expensive.

Bee Brand Won't Explode
You can use Bee Brand Insect Powder anywhere, near an open fire or flame of any sort, without danger. It will not explode nor is it easily inflammable. An insecticide that is explosive, or highly inflammable is a menace—a fire risk.

What of the Plants?
Dare you apply your present insecticide to plants? If you wish to remove insects from plants or flowers, or if you wish to use Bee Brand in a room where plants and flowers are, have no fear. It will not harm them. Bee Brand is non-poisonous. Dust it or sprinkle it on your pets and domestic animals. It will not harm them. Eat it if you wish—it will not hurt you.

How Much Apparatus
None is necessary. If you prefer to use the little puffer gun, the cost is only 10c. Blow Bee Brand Insect Powder from a piece of paper. It floats in the air and its fine particles kill Flies, Mosquitoes, and Moths. Dust it in cracks and crevices, or about the furniture, it kills Roaches, Water Bugs, Fleas, Lice and Bedbugs.

Settle It Once and for All
You know what kind of soap serves you best. Modern sanitation has made insect powder as necessary as soap. If you have never used Bee Brand you have not yet found the most effective and least expensive insecticide. Order it by name and insist on getting it.

Bee Brand INSECT POWDER

In red, sifting-top cans at your grocer's or drugist's. Household sizes 10c and 25c. Other sizes 50c and \$1.00.

If your dealer cannot supply you, send us 25c for large household size. Give dealer's name and ask for our free booklet, "It Kills Them", a guide for killing House and Garden Insects.
