### SICK HEADACHE

No Pleasure, Says Ohio Lady, to Go Places, Till She Took Black-Draught Which Brought Relief.

Langville, Ohio.—"For years and years I suffered with severe headache," says Mrs. Jane Campbell, of this place. "It wasn't any pleasure for me to go places, for I came home with sick headache. If I went to church or to any social gathering or to town to shop, when I got back I would have these headaches and have to go to bed for a day or more, till I would just get out of heart and would not try to go."  
"About 15 years ago I discovered that Black-Draught was good for these headaches. I began using it. I would take it two or three nights in succession if I felt the least bad, and it sure did wonders for me. It is about 14 years since I had sick headaches, and I can go places and really enjoy life. It surely is splendid."

Headache often is a symptom of constipation. The best relief is secured by treating the cause of the trouble and in such a case many people have been greatly helped by the use of Theford's Black-Draught.

## Knock the "L" Out of Slave

Pride of ownership is one of man's strongest emotions. It brings with it a sense of satisfaction hard to describe. Once established and enjoyed, however, many men have quickly climbed on to real success in life.

The building and loan companies of this nation could fill volumes in telling of the achievements of "just ordinary" men who found themselves through this method of home owning.

If you are not familiar with the building and loan plan, but wish to own a home of your own, we wish you would call at our office and let us explain in detail. It will be the best investment of time you ever made.
