Virginia Lady Tells of Taking Cardui and Says She Has Since Recovered Perfect Health.

Lynchburg, Va.—"I have taken Cardui several times for a run-down condition and have found it perfectly splendid," says Mrs. Lee T. Marsh, 715 First Street, this city. "About ten years ago," she explains, "I became so weak I could not go about. I looked like a skeleton and... was dreadfully worried about myself. A friend suggested Cardui and I decided to try it. I had taken six bottles. It regulated and built me up. I improved greatly. Last year we drove up here through the country from Florida. I was exposed to the weather and must have taken cold for I became ill... I got run-down, lost flesh, could not sleep and had no appetite at all. I was so nervous that I did not know what to do. "I thought of Cardui. I began to take it regularly and it was not long before I began to feel better. I took six bottles, one after another, and at the finish of the last one was perfectly well again. Since then I have continued gaining in weight and all winter have been in perfect health." Sold by all druggists. NC-172

"Experience is the best teacher"

"That certainly applies to making gasoline. Prominent oil men tell me years and years of striving are necessary before a company can produce a gasoline that gives motorists what they want these days; snappy starting, good pull for the high stretches, lively motor always—all qualities which only experience can teach.

"Take 'Standard' Gasoline. There's fifty-six years of experience behind that brand. And it's the best straight gasoline you can buy. Always dependable—obtainable everywhere."
