## Orthopedic Hospital Doing a Great Work

The State Orthopedic Hospital is doing much good at a low cost, according to the last annual report.

There was one patient received at the hospital each day, on an average, and only two were found to show no improvement.

It is rather gratifying to note that the total cost for treatment per day for each patient was \$2.89, which included 562 operations, 1,071 minor treatments, and 461 X-ray treatments. When all this is added to the board, lodging, and any other possible expense, the cost is very low in the term of the great service rendered.

Mrs. Harry Waldo, Mrs. Boyle and Miss Annie Jones of Hamilton were visitors here yesterday.

Mr. and Mrs. W. L. Daniel and little son of Harrison's Mill were visitors here yesterday.
