SICK HEADACHE

No Pleasure, Says Ohio Lady, to Go Places, Till She Took Black-Draught Which Brought Relief.

Lansville, Ohio.—"For years and years I suffered with severe headaches," says Mrs. Jane Campbell, of this place. "It wasn't any pleasure for me to go places, for I came home with sick headache. If I went to church or to any social gathering or to town to shop, when I got back I would have these headaches and have to go to bed for a day or more, till I would just get out of heart and would not try to go."

"About 15 years ago I discovered that Black-Draught was good for these headaches. I began using it. I would take it two or three nights in succession if I felt the least bad, and it sure did wonders for me. It is about 14 years since I had sick headaches, and I can go places and really enjoy life. It surely is splendid."

Headache often is a symptom of constipation. The best relief is secured by treating the cause of the trouble, and in such a case many people have been greatly helped by the use of Theford's Black-Draught.

Purely vegetable. Recommended for young and old. No harmful after-effects. Sold everywhere. NC-169
