PALE & PEAKED

Texas Lady Was Advised by Her Mother To Take Cardui, Which She Did With Good Results.

Hamilton, Texas.—Mrs. Gladys Pate, of this city, says: "At times I suffered awfully with pains across my back and through my sides. I would have to go to bed and stay two or three days at a time. It was very wearisome. I managed to keep going, but . . . did not enjoy myself at all."

"One day my mother remarked on how bad I looked. She said: 'You look so pale and peaked, why don't you take a bottle of Cardui?' She had taken it herself a number of times, and it had always improved her health, so she thought I had better try it."

"I got the Cardui and began taking it, and from the first dose or two I could see a change for the better. The first thing I noticed was that my appetite was improved. I began to be hungry and I enjoyed my meals. I slept better at night. My rest was so much quieter that I got the benefit from it. I kept on with the Cardui and took it for several months. The pains in my back and sides grew less until they finally quit bothering me."

Try Cardui for your case. At all drug stores. NC-178
