The Most Beautiful Chevrolet in Chevrolet History

In addition to masterly new bodies by Fisher—in addition to a host of mechanical improvements typified by AC oil filter and AC air cleaner—the Most Beautiful Chevrolet offers certain features heretofore regarded as marks of distinction on the costliest cars. These are made possible at Chevrolet's amazingly reduced prices only because volume production results in definite economies and because Chevrolet now, as always, passes these savings on to the buyer in the form of added value.

No other car, as low in price, offers such features as fish-tail modeling, full-crown one-piece fenders, bullet-type lamps and the like. Come in—and see for yourself!
