

Rules in Common for All Contests at Group Centers and County-Wide Commencement

1. Any group-center contest is a preliminary in which contestants in a group are to be eliminated, thus entitling the best to entry in the county-wide contests at Williamston. Thus winners from the initial contests at group centers should enter the county-wide contests. All schools shall participate in the spelling contest A, in the primary story-telling contest B, and in arithmetic contest C. Each school should enter five contestants if it hopes to win the highest honors. A school of Groups I or II (defined above) should enter spelling contest A, primary story-telling contest B, arithmetic contest C, pageant contest D, and choral contest E. A school of Group III should enter spelling contest A, primary story-telling contest B, arithmetic contest C, grammar-grade recitation contest F, and singing contest G. Schools not placed in a group center will be entitled to send representatives directly to the county-wide commencement.

All contests at group centers and at county-wide commencement begin at 10 o'clock.

2. Contestants—in all contests—each student must be a bona fide student of the school which he represents, must have been in school 60 per cent of the entire school year, consisting of fall and spring terms (whether 6 or 8 months terms), and must have made passing grades in four subjects of his school work. The names of students desiring to enter county-wide contests should be forwarded with the particular contest they wish to enter to some member of such contest committee before the 20th of April, 1927.

Impromptu Entertainment Contests

Athletic Contests at Group-Center Commencements

1. The principals of the group-center schools should arrange an athletic program to suit the schools in their groups.

Judges will decide which school gives the best performance. For suggested games see Clark's "Physical Training in the Elementary Schools."

2. A play period for both boys and girls should be arranged by the principals of the group-center school for their rally. Some teacher who has the interest and ability should be appointed as game leader. Each school will be expected to give some singing game, such as "The Farmer in the Dell," "Loody-Loody," "Clap Partner."

Dramatization Contest II

1. This contest will be held at the group-center commencement only.

2. The participants in the contest must be chosen from the first, second, third, and fourth grades.

3. Any group of children taking part in this contest must be chosen entirely from one room.

4. Stories dramatized must be selected from Curry-Clippinger's reading texts or book on the adopted list of the State.

5. No dramatization should exceed eight minutes in length.

6. Elaborate costumes will not be permitted. Only such costumes as might be used in a class-room dramatization will be considered suitable.

No participant in the dramatization should be allowed to wear a costume which can not be improvised on one day's notice. Stage settings should be simple. Only material actually available in the home or school room should be used.
