WEAK, NERVOUS

Georgia Lady Could Not Sleep Nights, But After Taking Cardui She Was "Like a Different Person."

Comer, Ga.—Mrs. C. H. Smith, of this place, related the following interesting experience:

"I was weak and nervous and run-down. I couldn't sleep at night. I felt tired and not in condition to do my work. I had Cardui recommended to me, but always thought I could out-do most sickness, but this was one time I needed help. I was so weak I could hardly lift my hand."

"I can't express how bad I felt. I know I improved after taking Cardui. I was like a different person. I was built up and was stronger and better than in a long time."

"I have a young daughter who had the 'flu' and after she got up she would once in a while have such severe cramping spells, just suffer terribly. I knew there was a weakness and, hoping Cardui would reach this trouble, I had her take it, and the first bottle helped her so much she was able to leave it off and does not have this trouble now."

Cardui has been in use for more than 50 years.
