Civil Service to Appoint Prohibition Force

The employment of the prohibition force will go under Civil Service Commission regulations at an early date, according to an announcement from the commission recently. The last Congress passed an act taking the appointment of prohibition officers out of the political pot and put it under the Civil Service.

This is a great forward step in making the law more effective, since it

Various Definitions of Liberty

"Liberty," a publication of about five or six dozen pages, well written and with good illustrations, apparently has taken upon itself the task of bucking the church and organized society. It offers a criticism against every organized effort to promote morals or any other things, social or religious.

While it admits that men should be Christians, it attempts to throw every stumbling block in the path of men to prevent it, by a line of general criticism, which it calls "liberty."

Its policy would fit children who do not want to obey their parents, be-

Too Many Dogs

The large number of dogs running at large in the town and country are quite a hazard to the lives of the people. It is rather a common thing to hear of a dog running around and snapping and biting other dogs, people and stock. Last week, Mr. Robert McClaron had a nice sow to die by having a fit and falling in a mud-hole, where she was drowned. The head was sent at once to the State Laboratory of Hygiene, where it was found that the sow was mad. Now it may be that many other animals

may die from contact with this sow. The State should raise the dog tax until it counts. It would not only help the treasury but would make life and property safer.

People who love dogs well enough to keep them to annoy their neighbors by barking, distributing fleas, and making life and property unsafe will not mind paying taxes. And the average man, certainly the town man, who can't pay the tax is better off without a dog.

those which have been set out many times before. The general idea of liberty is to outline the things we want to do, then write them down and proceed to do them.

It has taken a long, long time to build a constitution under which we can all live in safety and have the same fully guaranteed, yet plenty of men are constantly fighting the constitution in both word and deed; and call their doing so liberty. Disrespect for right would be a much better name.

It now looks as if we are going to get out of China and quit. There seems to be too many to kill, and we can't chastise them without shooting them; so it begins to look like the safest thing to do is to run.

Only one more week and then clean-up and fire prevention week. If observed, this will save lives and property besides improving the appearance of things.

Last Warning

At a special meeting of the Board of Town Commissioners Monday evening, April 11, 1927, a warning was ordered to be given all taxpayers who have not made settlement of 1926 taxes. This warning was ordered with the hope that little, if any, property would have to be advertised for taxes.

April 30th Is the LAST DAY

And it is therefore very urgent that you take this as a fair warning and that you make settlement as soon as possible. No extension of time will be granted this year, but all taxes must be in the hands of the tax collector by that day or property will be advertised in accordance with law.

NO PRICE CHANGES IN FORD CAR

This is the heading to an article published April 9th in one of the best-informed automobile magazines published. We do not know what's in Mr. Ford's mind any more than you do, but we do believe that RUMOR of marked changes in the Ford car is entirely supposition. To change the Model T Ford car would be—as we see it—like killing the goose that lays the golden egg. We believe that you can buy the Improved Ford of today, and get the BEST dollar's value in automotive power that money can buy. The large number of Ford cars sold shows that there is the most value to be had in a Ford at the following prices (delivered in Williamston):

ROADSTER	\$420.00	TUDOR SEDAN	565.00
TOURING CAR	441.00	FORDOR SEDAN	616.00
