TWENTIETH CENTURY CLUB MEETS

The Twentieth Century club held its regular meeting at the home of Mrs. J. W. Watts, jr. Wednesday afternoon at four o'clock. The program was on the general topic, "Need of Consolidated Schools" and Mrs. F. U. Barnes had the first paper which gave the facts and figures about North Carolina's development in school work. Mrs. Clayton Moore read a paper which outlined the reasons and needs for consolidated schools. She read the article also in Tuesday's Enterprise, urging the people to register for the school election to be held in July. Mrs. W. B. Watts read a short story and Mrs. J. S. Rhodes gave some very interesting current events prepared by Mrs. N. C. Green.

The hostess assisted by Mrs. M. D. Watts and Mrs. J. G. Godard, jr. served frozen fruit salad, saltines, sandwiches and pickles. Special guests were Mesdames C. A. Harrison, J. D. Woodard, O. S. Anderson, Jno. A. Manning, T. W. Lee, W. T. Hufter, E. P. Cunningham, M. D. Watts, Robert Everett, J. S. Getsinger, T. B. Brandon and Miss Delphia Peebles.

BOY WAS SICK

Texas Tells How He Got Acquainted With the Good Work of Black-Draught as a Laxative.

Glenora, Texas.—"I had a sick spell when just fifteen years old," says Mr. George W. Maness, R. F. D. 2, this place. "Anyone who has had chills, like I had, is apt to remember them. I was a sick boy—just lay around the home, weak. My skin was yellow and I could hardly stand up. I had hard chills.

"My father gave me quinine. Someone told him to give me Black-Draught with it. He brought some home, and they fixed it up like a tea. It wasn't very good, but I was so sick I would take anything. "After a few days, I began to feel better. I was hungry and could eat. I kept on taking the tea for awhile, and I got well. I haven't had chills since then, but I have taken a lot of Black-Draught since that time. It is a family medicine with me."

Where assistance is needed in the way of a laxative or cathartic, Theford's Black-Draught should be taken, as often as necessary, to open the bowels and put them in a healthy and normal state of activity. Try it; it a dose.

All Frigidaire cabinets are built in the FRIGIDAIRE factory

and designed exclusively for electric refrigeration

GENERAL Motors standards are carried out in every detail of Frigidaire construction. Even the cabinets are made in the Frigidaire factory. Each one is steel and finished either in white duco or seamless porcelain.

It is this scientific insulation, plus direct frost-coil cooling, that maintains a temperature in Frigidaire 12° colder than you can expect with ice.

A small deposit puts Frigidaire in your home. Then pay a little each month under liberal General Motors terms.

FACTS about used car allowances

Most new car sales now involve the trading-in of a buyer's used car. More and more people are asking: "Why should my used car seem to have several values? ... Why should dealers in different makes of cars offer me allowances differing materially? ... Does the largest allowance offered mean the best deal for me?"

Here are basic facts:

- 1 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 2 Your used car has only one fundamental basis of value: what the dealer who accepts it in trade can get for it in the used car market.
- 3 The largest trade-in allowance which is offered on your used car is not necessarily the best deal for you. Sometimes it is; but sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.

5 Judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

WHEN YOU are ready to trade-in your present car, remember that after all you are making a purchase and not a sale. You are buying a new car and simply applying your present car as a credit toward the purchase price of a new car.
