## ADVANTAGES OF TOWN SHOWN TO PAPER MAKERS

### Williamston Has Series of Pictures at Meet in Richmond

Williamston is represented by a "loop" at the American Pulp and Paper Manufacturers at their annual convention in Richmond this week. The "loop" carries many scenes taken in Williamston and community, and is shown along with others from eastern Carolina towns. Mr. E. L. Bell, of the Eastern Carolina Chamber of Commerce, has the booth in charge where the loops will be shown at the paper manufacturers' meeting this week.

According to statistics gathered by the chamber of commerce, eastern North Carolina has a great future for paper and pulp manufacturing. At the present time there are two paper mills in operation at Roanoke Rapids, both of which have been very successful in the past. A trip to these mills from December to March will find scores and scores of wagons and trucks hauling pine wood to the mills to be sold for making paper. At one time this last season there were 4,000 cords of pine wood on the yard. It is for the purpose of acquainting the manufacturers with eastern Carolina's advantages along this line that the Eastern Carolina Chamber of Commerce has arranged for the showing of scenes and statistical data at the national convention in Richmond this week.
