

Giving A Trip to A Whole Legislature

WHEN the Legislature meets in session, together with the members of the House of Representatives, the Senate, and the Judiciary, the people of the State will have a unique opportunity to see the Legislature in action. The Legislature is the highest law-making body in the State, and its members are elected by the people to represent them in the State government. The Legislature is composed of the House of Representatives and the Senate. The House of Representatives is composed of 100 members, and the Senate is composed of 50 members. The Legislature meets in session twice a year, in January and May. The Legislature is responsible for passing laws, appropriating money, and overseeing the executive branch of the government. The Legislature is a very important part of the State government, and it is important for the people to know how it works. The Legislature is a very complex organization, and it is important for the people to understand its functions. The Legislature is a very important part of the State government, and it is important for the people to know how it works.
