IN MEMORIAM

In loving memory of our dear little daughter, Mary Isabel.

September again is here; To us the saddest of the year, For 'twas on the thirteenth day God called our baby away.

None knew how sad the parting Or what the farewell cost, But God and His angels Have gained what we have lost.

Soon fades the lovely flower, Smiling solace of an hour; Soon our joys and comforts fly, For pleasure only blooms to die.

Darling babe, how brief your stay; Short and hasty was your day; So soon to end your stay here, Pain or grief no more to bear.

Hard it was from you to part, Even though it broke our sad hearts, Since to heaven you are gone, Let the will of God be done.

Pillowed on the Savior's breast, Sweetly sleep and softly rest; There we'll meet to part no more, On fair heaven's peaceful shore.

Loving parents, Mr. and Mrs. EASON LILLEY.

800,000 Cattle Tested for Tuberculosis Last June

The total number of cattle in herds fully accredited as free from tuberculosis exceeds 1,885,000. The work of tuberculosis eradication is going forward systematically in all States. During the last month of the fiscal year the inspectors engaged in tuberculosis testing applied the test to more than 800,000 cattle, of which approximately 4,000 were found to be affected with the disease. The removal of such reactors from contact with healthy cattle, followed by the slaughter of diseased animals under Federal inspection, is gradually reducing the extent of bovine tuberculosis throughout the country and benefiting both the livestock industry and public health.

BEAUFORT BOTTLING WORKS

Bottlers of Popular Brands of Carbonated Beverages

Operates a modern, sanitary and well equipped plant in Washington on W. Second street and supplies patrons for miles around with their high grade brands of pure and refreshing beverages. Phone 293.

This well-known bottling works is deserving of more than passing notice in this review, as they are perhaps the largest producers of soda water in this section, their brand being a standard of quality and so recognized by the trade for a radius of many miles.

Their soda water is popular because their plant is modern and they have realized the popular demand for pure and wholesome refreshments. Therefore they have gone farther than the pure food law requires and turn out a product that is entirely free from impurities as well as being delicious and wholesome.

Many pure food experts have ruled that soda water when properly made is a food product, containing life-giving-energizing substances essential to building up the bodies of children and grown-ups.

The eruption produced by the carbonated water, which contains a predominating sodium content, not only cleanses the mucous membrane of the stomach, but also in passing into the intestines, digestion and nutrition are assisted thereby.

In this plant the bottle is hardly touched by human hands until it is ready to be put in the cases for delivery. The plant is a credit to the community and is open at all times to the inspection of the public, and the public is cordially invited. Few cities many times larger can boast of such a scientifically equipped establishment.

The manager who has been in the bottling business for years, does all the mixing of the different beverages, so we know we are getting the best.

We are pleased to point with pride to the establishment of this concern and to commend them in the class of goods that they are furnishing to the trade, and assure everyone that when they order this brand they will get the very best.
