GOT RID OF POISON
Kentuckian Finds Black-Draught a Great Aid in Relieving Constipation, and Soon Feels O. K.

Catlettsburg, Ky.—Mr. Miles Hopkins, of 1218 Center Street, this city, says:
"There was a time when my health was not so good. I suffered a great deal from gas pains. My system was saturated with poison which was not properly eliminated. From time to time I had severe headaches, and I felt sluggish and dull."
"I knew of Black-Draught as a medicine for constipation, so I thought I would try it. For a while I took a small dose every night until my system was rid of the accumulated poison."
"I gained in weight and my general health was good. That experience made me realize the merits of Black-Draught. I kept it in my home and when I begin to feel listless and dull, I take a dose, after which I feel O. K. again."
"People generally do not realize the risk they take in allowing constipation to run on. I try to keep my system cleansed, and I find Black-Draught a great aid in doing this."
