

COUNTY SCHOOLS ATHLETIC RULES

Drawn Up By Representatives of Larger Schools In County

The following rules, governing athletics in the county have been formulated, and will go into effect immediately:

I.—No Martin County school team shall play any team outside of the county unless so permitted by the athletic association and that all rules made at a meeting of the association held in Williamston, Monday, October 3 shall be enforced for 1927-28.

II.—The association shall prohibit any high school athlete from participating in any independent contest.

III.—The rules that are formulated and adopted by the association will go into effect immediately and shall remain in force throughout the school term until revised.

IV.—Eligibility of student participating in athletic contests:

1. No student shall be permitted to take part in school athletic contests without being a bona fide student of that school upon whose team he is playing, and make a passing grade on at least three-fourths of his work.

2. Twenty-one years was set as a maximum age limit in order that students might participate in athletic contests, and as for the minimum age, take players from any grade in school for all forms of athletics.

3. That a student shall enter school by October 1 for football; by December 1 for basketball; by February 1 for baseball.

V.—The time, places, etc. shall be known before the season opens and before games are scheduled.

VI.—A committee shall be appointed to map out schedules and arrange time and place for events.

VII.—It was decided also that a field day be held in the spring when competitive groups or grades are allowed to compete in certain contests as might be decided upon; the county superintendent shall appoint a committee to provide for field-day events.

VIII.—Every school should have some dependable man to help the coach and the principal to handle the finances, and other details connected with athletics and create public sentiment in favor of the things that the school is trying to do.

IX.—The Superintendent suggested that the different schools start with directive play at recess as soon as possible.

Curried Veal

Curried veal is a good dish to serve when lima beans are in season, because the flavor of curry goes well with lima beans. Cut 2 pounds of stewing veal into small pieces and let simmer in water enough to cover up, until almost tender. Then add 2 cups of fresh lima beans. In another pan cook 1 medium-sized onion, chopped fine, and 1-2 a green pepper, chopped, in a small amount of butter. Add to the meat. When the beans are done, thicken the liquid slightly with a little flour which has been mixed with 1-4 teaspoon curry, 1 1-2 teaspoons salt, and a little cold water. Add 1 cup diced cucumber and cook a few minutes longer. Sprinkle chopped parsley over the top when serving.
