**"With Eddie Cantor I say Luckies never irritate the throat"**

Said Andrew Tombs to Claire Luce and Frances Upton during a rehearsal of The Ziegfeld Follies.

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

Eddie Cantor, Famous Comedian, writes: "My voice must be in condition 365 nights a year and when I smoke, I insist upon Lucky Strikes because I found from experience that they don't irritate my throat."

Unusual facilities for conditioning automobiles make possible the high value found in our dependable used cars. In the first place, we can tell exactly what needs to be done to a car without long and expensive experimenting. Our mechanics are thoroughly competent — and, working with special tools, they accomplish a given task in the minimum time. Furthermore, we use only genuine parts for replacement purposes. As a result, our reconditioned cars simply cannot be matched for value.
