666 is a prescription for COLDS, GRIPPE, FLU, DENGUE, BILIOUS FEVER AND MALARIA. It Kills the Germs

FOR CONSTIPATION

Mississippi Man Says He Has Found Black-Draught So Satisfactory, He Has No Need to Change.

Wiggins, Miss.—Mr. A. L. Cope, a well known Virginia resident, says: "I have used Theobald's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change. "When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have." Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay. Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive out the poisons so as to leave the organs in a state of healthy activity. Sold everywhere, 25c. NC-179

the same to the undersigned for payment on or before the 5th day of October, 1928, or this notice will be filed in bar of their recovery.

All persons indebted to said estate are requested to come forward and make immediate payment of the same. This 5th day of October, 1927. MARY D. EDMONDSON, Executrix of W. A. Edmondson

True Six-Cylinder Luxury Now Costs So Little to Enjoy

The sensational success of the Pontiac Six is based on the simple fact that it provides true six-cylinder luxury on a basis of true economy. Its first cost is low—\$745 is the lowest price ever placed on a six with Body by Fisher. It can be purchased on attractive GMAC terms. It is inexpensive to operate and maintain. And finally, Pontiac Six commands a high resale value in every section of the country. All this brings true six-cylinder luxury within reach of the most modest purse—and that is why so many thousands are making Pontiac Six the car of their choice.

New lower prices on all body types (Effective July 15th) 1927. Six, Sport Roadster, \$745; Sport Cabriolet, \$795; Landau Sedan, \$845; Touring Sedan, \$925; The New Oakland All-American Six, \$1045. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

ROBERSONVILLE MOTOR CO. Robersonville, N. C.

of the clerk of the superior court of Martin County, at the courthouse in the town of Williamston, North Carolina, on the 12th day of December, 1927, and answer or demur to the complaint of the plaintiff, or she will apply to the court for the relief demanded.

Piedmont North-Carolina has grown rich because it has an abundance of

CHEAP ELECTRIC POWER

England has learned this, as shown in the report of Lord Rothemere, who, when he made his report to the British people after heading a commission to this country, the main purpose of which was to learn the reason of our amazing prosperity, said: "The economic welfare of the United States is based more than anything else upon the fact that she has 29,000,000 horsepower of electricity established in her factories—a force that is estimated as the equivalent of 290,000,000 human workers."

We in the United States use more than half of the electricity used in the world. Each average American workman has

at his command electrical power equivalent to the productive capacity of 35 old-time slaves, and by reason of that fact his earnings and his production are far greater than those of any workman in the world.

In 1926 taxes were 200 per cent greater; food prices were 62 per cent greater; clothing prices were 57 per cent greater; fuel prices were 88 per cent greater; furniture prices were 108 per cent greater; and rents were 64 per cent greater than in 1913. Electricity was 11 per cent less than in 1913.

Williamston will have unlimited power for the use of all factories, it matters not how large, if the people of the town accept our proposal at the election to be held on December 20, 1927
