## IN MEMORIAM

In remembrance of my dear father, Mr. Tob Lee, born January 13, 1851, died October 30, 1927, age 76.  
A precious one from us is gone;  
A voice we loved is stilled;  
A chair is vacant in our home,  
Which never can be filled.  
God in His wisdom has recalled  
The boon his love had given;  
And though the body slumbers here,  
His soul is safe in heaven.

We miss thee from our home, dear father;  
We miss thee from thy place;  
A shadow o'er our life is cast;  
We miss the sunshine of thy face.  
We miss thy kind and willing hand,  
Thy fond and earnest care.  
Our home is dark without thee;  
We miss thee everywhere.

Written by his loving daughter,  
Mrs. BETTIE MOBLEY.

## COOPERATION AT OAK CITY SCHOOL

Secured by Means of Special Programs; Fiddlers' Convention Friday Night

Oak City, Dec. 3.—At a local teachers' meeting early in September, called by Principal H. M. Ainsley, for consideration and discussion of vital school objectives, the one objective of cooperation was emphasized. It was decided that the home and school should be brought closer together. It was admitted that patron approval of school work is imperative for a good community school. The next question was on the enlightening of patrons of the district in order to build up community cooperation. Special programs and activities were suggested. Therefore, the Parent-Teacher Association saw a chance to function and has been one great factor in helping to bring about the best cooperative spirit in the Oak City School that has been in five years, as is expressed by leading members of the association. Keen interest is manifested at each meeting. Problems are freely discussed, sympathetic attitudes expressed, that the point is realized that it takes extra activities to bring home and school together.  
Programs, carnivals, fiddlers' conventions, and plays are drawing patrons to the school who never come under ordinary circumstances. A typical experiment, the fiddlers' convention Friday night, December 2, will illustrate the advantages. The convention opened at 8 p. m. and lasted until 10 p. m. The school auditorium was filled in spite of rain and bad roads. Eighty dollars and thirty cents were taken in from door receipts. This fund will aid in taking care of many things which the school board can not provide. Fathers, mothers, friends, and neighbors came and they went away rejoicing. Only by a program of this type can a crowd of people be brought to the school. Is it worth while?

**NOTICE OF SALE**  
Notice is hereby given that under and by virtue of a certain collateral note and under the terms thereof, which note was executed to the undersigned by B. R. Barnhill and others, the same being long past due, and on

## DRESS UP FOR CHRISTMAS

Make Christmas a really formal holiday. Take your evening gown or dinner coat out of the closet and let us dry clean it for you; so that it will look like new.

# COMFORT

Like power and flexibility, comfort in a car can be determined only by riding in it—not a short ride, but a ride of many miles over many roads. Long springs and well upholstered seats are factors in comfortable riding, but neither alone nor both necessarily make for riding comfort.

Head room, leg room, driving and riding vision, pitch of the seats, balance of body on chassis, flex of springs, size of tires, etc.—must all be properly engineered and harmonized to actual road conditions to produce a comfortable car. For the buyer these things can be proven only by driving the car—so we urge you to come in and try a Star and you will know why it is called the most comfortable car ever built at the price.

# Select your Christmas Furniture NOW!

Brighten up the home for Christmas festivities with new furniture. Don't let the sparkling brightness of Christmas put your home to shame! One or two pieces will do wonders—a new chair for here—a new table for an odd corner—perhaps a complete new suite! Regardless of your needs, you will find here quality furniture at extremely moderate prices. And for your further convenience, there is our deferred payment plan. We will hold any pieces until wanted—or make immediate delivery. And, lest you forget, nothing has yet been discovered to take the place of furniture as a perfect gift.

# GORMAN'S MARKET REPORT

The sales were not so large last week, and we finished each day around the dinner hour. Prices were stronger the latter part of the week. Some new orders were placed here for grades that had been neglected since just before Thanksgiving. We have worked hard for our customers; and those who sold with us, after looking at the other sales, were satisfied, and many thanked us for their "good sales." We are now selling lots of barn cleanings and but little fine tobacco. This has affected the average. We note the averages as published in the papers from the other markets, and these show Greenville's daily average to be higher each day than any market in the east. It will pay you to sell in Greenville and at Gorman's. The sales will continue small from now on, and you can count on our selling out any day you may come, as there is not enough tobacco left to cause any more "Block Sales."

We advise against selling scrap. Tie up what you can, and use the balance for fertilizer. When you sell scrap, if you allow for your work, you get nothing and give the manufacturer tobacco that he uses in place of other higher-priced tobacco, besides swelling the government report of production, which affects your future crop. Send us your tobacco, and we will do our best to please you.
