

# TEXACO makes gasoline history!

The power and anti-knock qualities of the *new and better* Texaco Gasoline are a revelation. Texaco is high-test—a "premium" gas—yet you pay no more than you do for ordinary gasoline. The enthusiasm of motorists is unmistakable. You experience a difference in engine action from the first tankful—and you continue to enjoy better performance.

The *new and better* Texaco Gasoline forms a *dry gas*. It is the product of scientific research—manufactured by a new process, and under exact control. The great battery of special stills pictured below is never idle. Day and night these gigantic towers are in constant operation producing the millions of gallons of this high-test *new and better* Texaco.

Every Texaco dealer dispenses the same uniformly exceptional motor fuel. Stop where you see the Texaco Red Star with the Green T for the *new and better* Texaco Gasoline—and the clean, clear Texaco Golden Motor Oil.

The *NEW and BETTER* **TEXACO** GASOLINE

## Buy Texaco Gasoline and Motor Oil from Your Neighborhood Dealer

**Easy on the starter**

Don't chance doing your "Daily Dozen" with the starting crank.

Use the *new and better* Texaco Gasoline. It vaporizes easily even in a cold engine, forms a Dry Gas—and starts with the first few turns of the starter.

The *NEW and BETTER* **TEXACO** GASOLINE

J. L. CROOM & SON  
Gold Point, N. C.

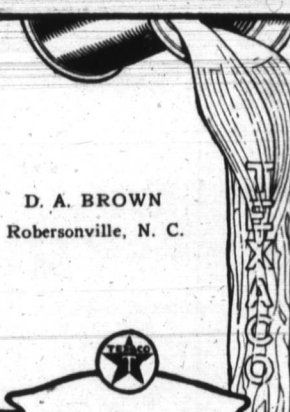

**STOP**

When you have driven 500 miles let us drain out the old oil, flush carefully with light oil and re-fill with the correct grade of golden Texaco Motor Oil.
