HYSTERICAL

South Carolina Lady Tried Cardui and Says She Noticed Remarkable Improvement.

Anderson, S. C.—"I suffered a long long time, before I tried Cardui, and my only regret is that I did not know about lipocerm." says Mrs. Little Pruitt, 130 "K" Street, this city.

"I was badly run down, my health, my nerves went to pieces, and I had to go to bed. I was not able to do my house work for many months. I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had bad pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild.

"One day I was reading and I saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once to try it; so I began on a course of the Home Treatment."

"It began to help me from the very first. I took Cardui regularly for several months, and my improvement was so remarkable, that my family and friends were delighted. Cardui has no equal, in my opinion. I gladly recommend it to others."

No Investment Better Than Building and Loan

An institution that pays you interest or dividends on your savings must put your money to work in order to produce those earnings.

How the money is employed is important to you.

Our institution produces earnings by lending funds for home buildings and buying under first

mortgage security. These loans are reduced by the regular monthly payments of borrowers so that the safety of each loan is constantly increasing.

The exceptional safety of this plan is proved by our excellent record and by the records of ten thousand other institutions which operate as we do.
