

Our experience tells us that Texaco Motor Oil will do everything a good motor oil ought to do!

J. S. Ayers & Co. Everetts, N. C.

**Easy** on the starter

Don't chance doing your "Daily Dozen" with the starting crank.

Use the new and better Texaco Gasoline. It vaporizes easily even in a cold engine, forms a Dry Gas—and starts with the first few turns of the starter.

Champion, Auto Co. Everetts, N. C.

**CLEAR** TEXACO MOTOR OIL

We use it—

We recommend it because we know it's best.

Golden Texaco Motor Oil flows freely to all bearings at zero.

There's a grade for your car.

# This is the starting point

—when you want to fill with gasoline at the lowest price per mile—and be sure of quicker pick-up in traffic, quicker acceleration, more power and an engine free from knocks and carbon.

The NEW and BETTER

## TEXACO GASOLINE FORMS A DRY GAS

It vaporizes at lower temperatures, ignites instantly and burns completely in the cylinders, leaving no heavy ends to dilute the crankcase oil. The new and better Texaco is high test.

### See the golden color as it pours

Many motorists do no more when buying oil than drive up and say "two quarts." Some go a step further and buy their oil by name. But the motorist who wants Texaco, and knows why he wants it, goes still further and proves that the oil he gets is the oil he pays for. He identifies it by the clean, clear, golden color of Texaco Motor Oil which is as distinctive and easily recognizable as the trade-mark on a sealed can.

See the golden color in the Texaco Comparoscope. Watch the golden stream as it pours. From then on—so long as you continue to buy golden Texaco—your engine will be free from carbon troubles and excessive wear. Consult the Texaco Lubrication Chart for the right grade to use.
