

# One of these men is Your Neighbor

ONE of these men is located in your neighborhood. He is an independent, self-respecting proprietor of a business. He is contributing the whole of his time and energy furthering the growth of your neighborhood.

He selected Texaco Products because he knew them to be the best. He tested the new and better Texaco Gasoline and found it to be a true, high-test gasoline with marked anti-knock qualities attained without the addition of chemicals; a gasoline that formed a dry gas, infinitely better than ordinary gasoline, at no extra price. He had demonstrated to him the carbonless action of Texaco Golden Motor Oil which together with its full body made it the best of motor oils.

Place your confidence in him; he offers a better service and better products.
