

No extra price for -this true high test gasoline

Patronize your neighborhood Texaco man. He's a real business man anxious to give you prompt, courteous service.

Texaco differs from most gasolines in that it forms a dry rather than a wet gas in the combustion chamber of your engine. It vaporizes completely—forms a perfect mixture which responds instantly to the spark. Even on the coldest morning you can get away to a lightning start and enjoy smooth acceleration with the new and better Texaco—a true high test gasoline.

A special Texaco refining process makes it possible to offer you the new and better Texaco at no premium price.

What Makes Oil 'Better Oil'

Highest refinement; Purity; Fullest resistance to heat and wear. A perfect flow in any weather. And no hard carbon!

Texaco Motor Oil meets those requirements. There is a grade for every type of car. And every grade is full-bodied.

HIGH TEST

If you aren't using the New and Better Texaco Gasoline now, it's time you started. In every particular it is a "high test" gasoline. Starts easily, responds like a flash, and is there with plenty of power. Best of all, it is easy on the valves and forms a very minimum of carbon.

DON'T JUST ASK FOR "MOTOR OIL"

"Take-a-chance" oil in the engine sends many a good car to the scrap heap before its time has come. That's why it is so important to use a full-bodied motor oil—a highly refined oil—like, TEXACO, the clean, clear, golden motor oil.

We have the right grade for your car.
Don't Say "Oil"—Say "Texaco"

The NEW and BETTER
TEXACO
GASOLINE
The True HIGH TEST Gasoline
For quick starts on cold days

When the Frost Is on the Pump

When there's snow on the pump, for that matter. Then, above all times, you need an easy-vaporizing, easy-starting gasoline.

The New and Better TEXACO forms a dry gas and starts easily. It saves your battery, your starter, your whole engine, from unnecessary winter wear and tear.

J. L. Croom & Son
GOLD POINT

HOW MANY MILES WITHOUT CARBON?

It all depends on the oil you use. If you stop "anywhere," and buy "just oil," you can have carbon removed every month.

But if you use golden TEXACO motor oil, you will drive thousands of miles with a "Clean engine."

Rogerson Bros.
ROBERSONVILLE, N. C.

STOP!

There is no longer any need for a drugged and sluggish engine—no more cylinder flooding or excessively fouled spark plugs. The new Texaco has a new boiling point, a new "end" point, and a new volatility. It is a dry gas. It gives each cylinder an even mixture, and your engine a new pick-up, power, and mileage.

Drain Your Crankcase

Draining a crank case is dirty work, but we don't mind it. Besides, it's our business.

Stop here when you need motor oil and let us drain and refill with the correct grade of TEXACO, the golden motor oil.
