**DANGER HEADED OFF**  
Constipation Troubles Soon Go Away Following Use of Black-Draught.  
Burr, Texas.—Mrs. Cress Crawford, of this place, tells of her use of Theodor's Black-Draught which she says covers a period of "a good many years."  
"We use Black-Draught as a regular family medicine for constipation, and I try always to keep it in the house."  
"I have found it a reliable medicine to give the children when they get upset from over-eating, or have colic, for after taking Black-Draught they get all right in a little while."  
"I use Black-Draught for bilious, sick headache. I have found that a dose or two, taken at night, will give quick relief for constipation and the complications which follow when that condition runs on."  
"A bad taste in the mouth in the morning, dizziness and a dull headache, all leave quickly after a few doses of Black-Draught. I find it is not safe to let such things run on. I try to head off the danger by taking Black-Draught in time. It is a dependable medicine."  
As the first sign of constipation, take Theodor's Black-Draught.  
This purely vegetable medicine has been in use nearly 100 years. Sold everywhere. Try it. NC-225
