HOME AGENT'S MAY REPORT

Thirty-four Girls Left Saturday for Outing at Camp Leach

The month of May was very busy with preparation for the third annual junior camp at Camp Leach and the beginning of plans for a county "Live at home dinner" besides the regular meetings. The agent, traveled 966 miles, holding 7 meetings with adults and 14 with the juniors. Eighteen different homes were visited, 211 bulletins distributed, 28 different letters were written, 2 circular letters were written with 264 copies circulated.

Preparations were made for camp. Thirty-four girls signed up to go to camp this year, the largest number ever in the county.

The girls making the trip are Mary Wildman, Mary E. Ballard, Winifred Mizelle, Evelyn Roberson, Fannie M. Hurst, Geraldine Cox, Marie Nelson, Olive McCabe, Irene Rogerson, Olivia Griffin, Lucille Hardison, Sarah Daniel, Mildred Griffin, Melba Martin, Daisy and Ella Gaylord, Bertie and Grace Martin, Mildred and Annie Hardison, Reba Bailey, Daisy Holiday, Avril Woodley, Thelma Haislip, Gladys and Olive Fyson, Dorothy Perkins, Virginia Perkins, Frances Sherrod, Louise Brown, Margaret Nicholson.

N. Y. WOMAN LOST 14 POUNDS OF FAT

One 85 Cent Bottle of Kruschen Salts Did It

"I am starting on my second bottle of Kruschen Salts and am real pleased with results. I take it for reducing, and so far have lost 14 pounds, and I think it is doing wonders for me. I do not feel so tired evenings when I get home from work."

A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at any drug store in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut down on starches and walk a little each day.

Before the bottle is empty surplus fat is leaving you—indolence changes to activity—you'll feel younger—eyes will brighten—step grows spry. Millions know this—you ought to know it. Kruschen Salts is the ideal treatment for constipation, indigestion, headaches, nervousness and acidity.

RECOMMENDS ECONOMY IN GOVERNMENT

(Continued from page one)

5. We understand that it has been the custom of our County Commissioners to keep Federal Prisoners in our County jail and that the Federal Government has only been paying the sum of 65 cents per day. We feel this is not sufficient compensation, and unless the Federal Government will pay as much as \$1.00 per day for each prisoner we recommend that they do not take any more prisoners of this type unless compelled to do so by the Federal Government.

6. We recommend that less money be spent on our County Home and County Farm and County Jail.

7. We recommend that the salary of the Superintendent of the County Home be reduced to \$50.00 per month, and that he be required to secure a requisition from either the Clerk of the Court or the Register of Deeds which officer shall be designated by our County Board of Commissioners, before making any purchases whatsoever for the County Home or any other department of the County.

8. We also recommend that all local School Committees over the County make out their budgets, having always in mind the most economical methods possible in conducting the various schools, and that no funds be requested in the budget which is not absolutely essential to the proper conduct of their schools. That all frivolous and fictitious items be entirely eliminated.

9. We further recommend that we fall in line with the State Department in reducing the expenses of our County School system. All higher institutions of the State have already been notified that their appropriations will be cut 20 per cent this year.

10. We recommend that no teacher in the future be employed for the elementary departments of our schools with a salary rating of more than \$110.00 per month. This is not to apply to teachers already employed in the schools.

11. That no supplements be paid to any teacher for athletic, or any other unnecessary extra activities. That the only supplements which will be recommended and allowed is that for the superintendents of the various schools. We find that some schools are paying for extra teachers out of the local funds beyond the number of teachers allowed according to the daily attendance for the past year.

12. We find that school teachers in the various schools of Martin County are being supplemented in the enormous sum of \$10,564.90 per year. This you understand, friends, varies with the schools, but if you are in a special tax district you pay; as this does not come out of the County or State funds. Each school district is responsible for the supplements paid to its teachers. Even if we should secure an additional \$5,000.00 from the State Equalization fund it will do you no good in case of supplements.

E. We find that the Board of Education is being severely criticized on account of the supplements being paid to teachers. This is unjust, as this matter is entirely in the hands of the local committees and they should bear the blame for any such waste of local funds. All supplements of whatever nature or amount is paid entirely out of your local district taxes. Our citizens should investigate these expenditures and condemn those responsible for such flagrant waste of their money. Let us see if we cannot run our schools with less teachers and on a more economical basis. There is no need of going the limit of the law in the number of teachers employed, but let us school committees see if we cannot get along with less teachers.

F. That the Board of Education should scrutinize very closely each and every school budget submitted to them and eliminate any item which is not absolutely essential to the proper conduct of the school. That teachers are employed according to their fitness for teaching at less rating than are now being paid in many instances.

G. That the County Board of Commissioners scrutinize the budget presented to them by the Board of Education more closely than they have been doing heretofore. That they examine thoroughly the different budgets submitted by the various schools over the County, and eliminate any frivolous items or any request that is not absolutely essential to the proper conduct of the school. Your committee feels that in too many instances a mere request has been granted by our Commissioners, when they would have changed their minds and acted differently if they had only made a little investigation.

H. That the office of County Treasurer be abolished, if a bank can be had that will handle the County funds without extra pay. This of course must be done by an act of the Legislature. This will net a saving to the County of \$1,200.00 per year.

I. That no officer of the County trade or contract with himself. We understand this is being done in our County and we especially recommend that it be stopped at once, or that the law be applied in such cases.

J. We recommend that the salaries of the Judge of the County Court be reduced to \$75.00 per month and that the salary of the Solicitor of the above Court be reduced to \$50.00 per month. That two days per month be devoted to hearing such cases as come before the County Court. We would suggest every other week.

K. We especially request that all lawyers and Court Officials do all within their power to conduct our Courts on a more economical and efficient basis. We find that money is being wasted by having witnesses attend court when there is no possible chance to reach the case, that jurors are being summoned in a careless and wasteful manner. That the court is wasting more time than necessary in examining witnesses and for some small or irrelevant matter court is often adjourned, thereby wasting time and money. We believe our lawyers and judges could save the County an enormous sum each year if they would conduct the courts on a more business like basis and eliminate the waste of time.

L. The Superior Court of Martin County cost us \$4,709.24 for the year of 1929, and we are to have two extra terms for the year 1930. We understand that the Court Stenographer is paid \$10.00 per day and all expenses. This, we feel, is out of line with other salaries and certainly out of line with conditions of today.

M. Our County Court cost \$3,340.07 for the year of 1929 and from all appearances it will cost more for the year of 1930.

We recommend that Superintendent of Board of Education be paid a specified salary and that he provide his automobile and transportation and other expenses.

Your committee wishes to thank Mr. J. Sam Getinger, our Register of Deeds, and Mr. R. A. Pope, our County Superintendent of Public Education, for their untiring aid and assistance during our examination of the County affairs.

We have now passed over the peak of finances and are on the road down to normalcy. This is the time to steer the old ship of state carefully and we feel safe that we will reach port. Otherwise we are bound to wreck our ship on the rocks of extravagance. Respectfully submitted, this May 30, 1930.

R. W. SALSBUARY, J. EASON LILLEY, J. G. STATON, G. H. COX.

Increase Pensions for The Spanish War Veterans

Washington, D. C., June 4.—Representative Lindsay Warren states that all Spanish War Veterans who will benefit by the recent bill passed by Congress over the veto of President Hoover must file application with the Pension Bureau to receive the benefits of the new law. The measure provides for increased pensions, and also makes eligible for pension certain veterans heretofore ineligible. Mr. Warren states that when application is filed, the veteran should not list his disabilities on the sixteenth of the application where space is provided for stating reasons for applying for the increase, but to write there instead, "under provisions of the act of Congress, dated June 2, 1930."

Mr. Warren, who has always taken a deep interest in the veterans of the war with Spain, voted to pass the bill over the veto of the President.

RURAL CARRIERS MAKING SURVEY

Post Office Department and Agricultural Department Cooperate To Secure Information

That Uncle Sam expects much of his workers is illustrated by the livestock survey being made right now through the rural mail carriers. Thus the Post Office and the Agricultural Department cooperate — utilizing their regular machinery for the public good.

The carrier delivers one of these cards to a few farmers on his route. If the farmer has cows, sheep, or pigs, he is to fill out his card completely and put back into his mail box, without postage.

These cards are sent to Raleigh, where the Crop Reporting Service compiles them into results that show whether, for instance, the number of pigs and brood sows are more or less, the pigs per litter saved; the fall and spring farrowing results, and other information helpful to farmers in planning their future breeding.

The livestock results for all States will be published late in June, which will serve as a guide to the probable competition to be expected. These surveys were not begun until 1924, but have already stabilized the breeding and marketing to a marked degree.

BEAR GRASS MILL—WE HAVE an old style rock from a water mill, and if you have not yet eaten bread from our mill, we invite you to do so Friday or Saturday of this week. We grind for cash or toll, so don't forget we are at your service every Friday and Saturday. Come to Bear Grass Mill where you get meal in the old style way.—O. Bailey and Bro., Props.

New Beauty for the New Ford

\$500 (f. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra.)

Few cars at any price have more style or distinction than the new Ford Coupe. You will take a real pride in its beauty, just as you will find an ever-growing satisfaction in its alert, capable performance. It is a particularly good choice for the woman motorist because of its safety, comfort, ease of control, reliability and substantial sturdiness. Call or telephone for demonstration.

WILLIAMSTON MOTOR COMPANY

TO THE DEMOCRATIC VOTERS OF MARTIN COUNTY

Upon the eve of the Democratic Primary, I desire to submit my candidacy for re-election to the office of Judge of Martin County Recorder's Court, especially seeking to reach those whom I have been unable to see, with full assurance that I will be profoundly grateful for every favor that may be extended to me.

I sincerely appreciate the expressions of confidence and friendship during the campaign and for every courtesy and consideration shown me by my friends and acquaintances, I would now express my sincere thanks, with full assurance to the voters of this County that if I am again honored by having the duties of this office placed with me, I will, in all matters, seek to justify the confidence imposed in me.

JOS. W. BAILEY
