Hollywood, America's Liability

Is Clara Bow, the Hollywood star attracting so much attention in the California courts, a good model for our girls? She says she is only a modern girl, that she drinks, smokes and plays poker besides having temporary marriage engagements to various and sundry young men.

During the past few years she has drawn hundreds of thousands of dollars as a fit example for our daughters to model after. We need not expect much moral growth and worth-while development when we pay our money to look at such flappers who apparently care nothing for modesty and decency. She and others of her type set the pace and train the mind of young girls to follow the same wide road to destruction that they are traveling.

Hollywood is America's greatest liability. Even Chicago, with all its political graft, gang warfare and liquor, does not hurt the country as much as Hollywood's immorality which is flashed before the eyes of the world.

Building and Loan Growth

The first building and loan association was founded in Frankford, Pennsylvania, one hundred years ago. From this small beginning, this business has grown to more than 1,200 such associations with thirteen million members and assets of eight billion dollars. For the most part building and loan associations have been successful, some of them very successful. They have helped to save money, build homes for themselves and help build up their towns. Besides this they have paid satisfactory rates of interest to their stockholders. Everybody who can do so ought to carry a little building and loan stock. It is a much better place to put money than to hide it around the house for somebody to steal.—Beaufort News.

"Looking Up, Not Down"

The phrase belongs to none other than W. (Bob) Smith, Ayden. Nearly everybody knows him. Everybody likes him. He is not discouraged at the present depression, despite the fact that the last decade has been extremely tough on him in an economic way.

We asked him his opinion as to the outlook for an early improvement in the times. It was then that he confessed that he was looking up. "Hardly ever do we see pleasant things when looking down," he told us. "Most of all the bright things in this world are seen when our heads are up."—Pitt County Record.

Extravagance Cause for our Troubles

As high as taxes have been and now are, it is to be admitted that we have more to show for our tax money than any we have spent during the past ten years.

Our roads, our schools, and our public buildings are all much improved. But our houses have not been painted, our ditches have neither been deepened or cleared of bushes. Our fences have gone down. We have increased our mortgage debts; we have spent our surplus cash, and now about the only thing we have to show for the money we once had (excepting our tax money) is an old rusty automobile or two in the back yard, which cost us more than all the taxes we ever paid.

We do not object to automobiles; we are for tax reduction and against governmental waste. We are for truth, however, and don't care to hear all the blame for our present-day ills charged to the other fellow. Our own waste and extravagance should be considered, for therein lies the greatest cause for our troubles.

Causes for Otto Wood's Career

Nell Battle Lewis, columnist for the *News & Observer*, in the life sketch of Otto Wood, gives the causes for his criminal career.

His widowed mother took up with another man. He made his home with a group of West Virginia moonshiners where his brain was thoroughly saturated with lawless and murderous talk. At no time in life was he taught to subdue his passions. His first penitentiary term was served in a Virginia prison for seduction. He was married at one time, but his wife divorced him. He married again and when imprisoned a second time, his second wife divorced him. Upon leaving the penitentiary a second time, he did not go to the expense of marrying; he just took a woman along without ceremony. He stole; he robbed; he killed; he broke out of penitentiaries of three states ten times in all.

At the age of 35 years he was shot and killed, leaving two widows and "a woman". Tow of the three women have a child each; the other has two. Wood's greatest joy in life apparently came when he broke the law. An unfaithful mother, moonshining experience and bad company made a bad man.

Why Delay?

Why should the State Legislature delay a moment and quibble over a 10 per cent salary cut when able-bodied men are glad to take a job at one-third of the price they received five years ago, when farmers, merchants and millers are doing business at a loss? No man should oppose keeping the line level!

CAROLINA WOMAN Lost 47 Lbs.

In 3 Months and
Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of ruschen Salts that lasts 4 weeks costs but 85 cents at Clark's Drug Store, Williamston, and drug-gists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.
