CHEAP MATERIAL IN REPAIR WORK
Opportune Time To Make Needed Repairs On All Farm Buildings

With materials of all kinds low prices and labor cheaper than in many years; many North Carolina farmers may find it convenient to make permanent repairs about their places before the rush of spring work begins. New buildings needed may be constructed now at a cost much lower than the last few years.

"Many of our farm buildings have suffered severe deterioration in the past few years because of the low farm income as compared with the high cost of materials and labor," says A. T. Holman, agricultural engineer at State College. "Farmers desiring to make permanent repairs or to build new buildings so badly needed have been discouraged from doing so because of the expense. However, prices are lower now and it may be the best possible time to make these necessary additions and repairs."

Mr. Holman says there are many excellent plans available free through the county farm agents to those farmers wishing to construct new buildings. These plans have been designed by the department of agricultural engineering at State College and are so planned that the resulting buildings will be efficient and economical.

Good buildings are essential on every farm points out Mr. Holman. It takes less feed to maintain livestock in a comfortable, sanitary barn. Corn losses are less when the grain is stored in a rat-proof crib as compared to leaving it in the field or under some make-shift shelter. Many tons of good hay are damaged each winter and spring because it is allowed to stand exposed in stacks. Cotton is low in price but will be worth less if it is exposed to the effects of rain and weather, he says.

County Public Registry in Book Y-2, page 399, and order of Court, and the stipulation not having been complied with, and at the request of the holder of said bond, the undersigned Trustee will, on the 23rd day of February, 1931, at 12 o'clock, Noon, in front of the Courthouse door of Martin County, offer for sale to the highest bidder for cash, the following described land:

Beginning at an oak on the South side of Wild Cat swamp; thence running down said swamp 143 poles to the poplar, Jesse Cherry's corner; thence S 94 poles to Jesse Cherry's

corner; a pine; thence N 87 E 96 poles to a small branch, Cherry and Whiteley's corner; thence down said branch to the beginning. Containing 73 1-3 acres, more or less.

Excepting 50 acres deeded to R. A. Loyd. Adjoining the lands of Frances Ewell, Stephen Moore and wife, Sarah Moore et als, bounded as follows: Beginning at the corner sweet gum in Wild Cat Swamp, running S 9 W 7 chains to a pine stump near a poplar; thence S 9 E 12 1-4 chains to the Albemarle and Raleigh Railroad to a lightwood stake; thence up said railroad 83 1-4 W. 4 chains and 60 links to a lightwood stake; a corner by the said Outerbridge and Stephen Moore and wife, Sarah Moore; thence N 9 W 22 1-2 chains along a line of marked trees to the said Wild Cat Swamp; thence up said swamp S 70 E to the first station. Containing 12 1-4 acres, more or less.

A 10 per cent deposit of bid will be required at the sale.

This 7th day of February, 1931.
 WHEELER MARTIN,

NOTES TO BE ISSUED FOR DEBT SERVICE
 It is ordered by the Board of Commissioners of Martin County, N. C. in regular session on February 2, 1931 at the Courthouse in Williamston, N. C. as follows:

Section 1. That negotiable notes of Martin County, North Carolina, be issued in the maximum principal amount of \$80,000.00 to be known as "Revenue Anticipation Notes for Debt Service" and the funds derived from such notes to be used for the purpose of paying the principal or interest of notes due or to become due within four months, and not otherwise adequately provided for. Such issue being authorized by the public laws of North Carolina, 1927, chapter 81, section 5.

Section 2. That a tax sufficient to pay the principal and interest of the notes when due shall be annually levied and collected.

Section 3. That a statement of the

county debt has been filed with the Clerk is open to public inspection, and this loan is within the restrictions required by law.

Section 4. That order shall take effect thirty days after the first publication thereof after the final passage unless in the meantime a petition for its submission to the voters is filed.

All of the commissioners voted in favor of the above motion, and the same was duly passed.

The foregoing order has been introduced and a sworn statement has been filed with the clerk under the county finance act, showing the as-

sed valuation of the county to be \$15,887,039.00, and the total outstanding note indebtedness account of tax anticipations to be \$80,000.00 including this issue of notes.

A tax will be levied for the payment of the proposed notes and interest if the same shall be passed. Any citizen or taxpayer may protest against the issuance of such notes at a meeting of the Board of County Commissioners to be held at ten o'clock A. M. March 2, 1931.

J. SAM GETSINGER,
 Clerk. f-17-1 Is.

BACK TO CARDUI

Lady Who Had Been in a Run-Down Condition Tells How She Got Well.

Mayo, Fla.—"I was greatly benefited after I took the Cardui Home Treatment," says Mrs. W. H. Trawick of this place. "For several months I had been in bad health. I was run-down and weak. "I dragged around from day to day, not feeling fit for anything. My back ached and often my sides hurt all night long. I could not sleep, and my nerves gave me a good deal of trouble. "I had used Cardui several years before for a similar spell, so I got some for my trouble. I soon recovered and felt better than I had in a long time. "After taking Cardui for several weeks, I began to feel stronger and to rest better. It is a fine medicine, and I have recommended it to friends. "Thousands of other women have taken Cardui to help them to build up their health. The good reports which have been received, telling of the experience of others, should encourage you to try Cardui, for your troubles. "Cardui is a purely vegetable remedy, and contains nothing harmful or injurious. It may be safely taken by women of all ages. "For sale by all druggists. 2c-24c

14 FEEDS—

IN EVERY THIMBLEFUL!

14 FEEDS... all in one tiny thimbleful. 14 good feeds which are there in just the right proportion. There's the story of a real chick starting feed... Purina Startena Chow. A real story because one thimbleful of feed is all one chick can put into its little crop in one day.

Out of this tiny thimbleful a chick must get so much. That's why the 14 different feeds are there. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... wheat germ meal... linseed meal... these and eight other feeds are in every thimbleful of Purina Startena Chow... each one with a real job to do. Mixed over and over... 960 times... every thimbleful alike.

The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you! The proof that the 14 feeds in Purina Startena Chow (mash or all-mash) actually give a chick the many, many things it must get from a thimbleful of feed. Purina Startena Chow is here... ready for you to feed. Call or drop in on us in your first spare moment.
