

MANY FARMERS GO TO RALEIGH

(Continued from page one)

as you please as long as you give us relief."

Addressing the members of the committee familiarly, he turned to Senator Dunlap, the chairman, and said:

"Frank, if this thing is not done you won't be sitting in that chair two years from now. In your place will be some lean, gaunt, hungry, hell hacked fellow and what will be done to the corporations by the administration of those fellows who will be sent here will make anything proposed now seem mild."

Mr. McNeill, as other speakers, praised the representatives from his county and declared that the farmers of the county will keep them here until the State takes over the schools.

"We have been told by all the governors from Aycock down to and including Gardner that the thing was to spend more and more for schools and that the greater intelligence of the people would pay for itself," he asserted.

"Those Governors must be vindicated. They were right, but the trouble is that taxes were taken off of socks and all of the tax burden was put on land."

SMITH'S RECORD IN LEGISLATURE

Supports All Bills Favor Landowners in Eastern Carolina

Mr. J. C. Smith, representing this county in the present legislature, explains his position in voting on bills, as follows:

- 1. McLean Bill, relieving lands of ad valorem tax, for the support of the constitutional six months school term.
2. For both School Machinery Bills.
3. For the Road Bill, requiring the State to take over the maintenance of Public Roads in North Carolina.
4. For the consolidation of the University, State College and N. C. C. W. and creating a University of North Carolina.
5. I voted against all divorce bills.
6. Against the Local Government Finance Act, because I considered it entirely too drastic in its provisions.
7. I shall vote for the Personnel Bill, and for the reorganization of the State Department of Agriculture.
8. For the law reducing the cost of sales of land for taxes.
9. I shall vote against the Sewell Bank Commission Bill, because I am of the opinion that it will serve no good purpose.
10. I will not vote to repeal the McLean Bill, or to put the tax back on lands for the support of schools. I feel that this will constitute the lions share of all possible relief.

Many Money Orders Are Being Received Here

Plymouth, March 13.—That conditions in this section are not as good as in the north is evidenced in the payment of money orders recently made at the local post office. One of the postal workers stated that so far this month about \$1,400 had been paid by the Plymouth office alone, the orders in most cases being from negroes in the north, and made payable to relatives in this section. The amount is considered very unusual, being without parallel in the history of the local office.

Bill To Increase Pensions Is Passed by State Senate

The bill to raise the pensions of Confederate soldiers in North Carolina from \$365 per year to \$400 was passed by the senate Monday of this week, and now goes to the house, where no opposition is expected. The bill also allows the full amount of a soldier's pension to be paid to veteran's widows who are blind or totally disabled.

A Majority of Soil in South and West Deficient in Lime

The great majority of soils in the East and South and in parts of the Central West are deficient in lime. Increased crop yields will result from applications of lime, say soil specialists of the U. S. Department of Agriculture.

CAROLINA WOMAN Lost 47 Lbs.

In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1931. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of ruschen Salts that lasts 4 weeks costs but 85 cents at Clark's Drug Store, Williamston, and druggists the world over. Take one half-teaspoon in a glass of hot water every morning before breakfast. Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.

ENGINEER GAVE UP Says He Could Not Stand Indigestion Any Longer.—Relieved By Black-Draught.

Pulaski, Va.—How a railroad engineer was relieved of indigestion was described by Mr. C. K. Nelson, a Fourth Street resident of this city. Mr. Nelson said: "I was suffering from stomach trouble in 1917, and had been suffering for some time. I had a tightness in my chest, a shortness of breath. There seemed to be a heavy weight in the pit of my stomach, and quite a bit of nausea, yet I couldn't vomit. I tried different remedies, yet suffered on just the same. When in West Virginia, on a work train, I was in such a condition that I just gave up and came home. I couldn't stand to work, in my condition.

"Some one told me about Black-Draught. I started taking it in small doses after meals. It helped me, and I went back to work.

"One morning while on my engine I felt like I would smother. I stopped in a little town, bought a package of Black-Draught, took a dose and later in the day took another dose. It relieved me, and I have not had a bad spell since that in more than two and a half years."

"Theford's Black-Draught contains no chemicals. Composed of pure botanical roots and herbs. It is THEFORD'S BLACK-DRAUGHT FOR CONSTIPATION, INDIGESTION, HEMORRHOIDS.

A WARNING by your Fertilizer Dealer No. 3

In a Series appearing in this newspaper

THIS is no year to take chances. If you are tempted to use "any old" fertilizer because it costs less, don't do it! Most of all, your crops need nitrogen—natural nitrogen—and that means Chilean Nitrate.

I've arranged for a big supply of Chilean Nitrate in new 100 lb. bags. It's cheaper than it has been for years. Better get your order in now, so you won't be sorry later on.

More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan was driven more than seventy-three thousand miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure—to serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS \$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

FEATURES OF THE NEW FORD Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition, you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

DRAIN off that "winter-worm" oil. It is thinned out—dangerous. FILL with correct grade of the new correct-proof Texaco.
