**Business Is Better**

The news comes from a number of big newspapers that business is better.

There is no doubt about the truth of the statement. Just as everybody knew, it would be when people stopped throwing everything they had away. Now that we are beginning to realize that we can not always have everything we want, and can content ourselves with a reasonable portion of the blessings of life, things are naturally improving and will undoubtedly gradually get better just as long as we are conservative.

**On the Way Back**

It now looks as if the people are going to save themselves from complete bankruptcy. They are now slowing down on borrowing and spending. This practice, continued for only a few years, will bring us back. If there is any other way besides this one, it certainly is not in sight now.

**Getting the Most From An Education**

Much concern is being given to the important question of how are we going to educate our children up to the standard we wish, with the rapidly declining values and the possibility of a much smaller school fund.

It really looks like it will be easy for the parents of the school children to increase the efficiency of our educational system by at least one-third by keeping their children home at night and requiring them to really and truly work—that is, get lessons as they should be gotten, which is not being done now. Consequently, two-thirds of the school children in this county today are not reaching more than two-thirds as high in efficiency as they would by properly studying.

Another advantage that will be achieved by keeping children home at night will be the saving of so many of the boys from jails and penitentiaries, and so many girls from shame, disgrace, and final destruction. If there is one thing that is sapping the life out

of society today, it is the permitting of boys and girls to run wild, both day and night; and we may as well face the facts honestly and tell the truth about it. Our present laxity in governing our young folks is going to weaken them mentally and morally and cause us shame in the end.

We need to be aroused to the appalling situation, and not spend so much money for schools simply to be wasted for the want of proper government of our children.

Fathers and mothers, check-up on your children and see how much time they are wasting and how near the deadline they are traveling.

**One Source of Our Trouble**

It is a good thing for us to sit down every now and then alone and be perfectly honest with ourselves, our neighbors, our country, the schools, the churches, and all other things around us even the politicians.

When we do that we are going to be surprised to see just how much of our trouble is bred, born and cultivated within our ourselves. Our government has been extravagant, but not as extravagant as we have been. Our schools have been inefficient and wasteful, but not as much so as we. Our churches may have suffered some spiritual weakness, but they are better than we are and their weakness is our own fault. Our neighbors and their children are imperfect, but they are as good as we and our children are.

If we will think and act honestly with ourselves, we will quickly discover a way to banish at least half of our troubles. The quickest and best way to do it is to come square with ourselves and our neighbors and not try to pack all of our troubles on the other fellow.

**Firm Foundation Necessary**

When we learn that trying to make a fortune on borrowed capital is a very hazardous thing, we will be better business folks.

There are very few people who make financial ventures on borrowed capital who feel good about paying back if the venture fails to produce.

The best way to build a fortune or a character is to start at the bottom and build a firm foundation. Honesty, truth, perseverance, and the ability to be content and patient even though the growth be slow, is the surest way to attain success.

We put the keystone and ornaments on the building after we have done much hard labor and careful work. If we are to succeed in the true sense of the word; that is, to be such a person as we wish to be in the business and moral world, we will have to do it through many small savings and good deeds.

**Nation Watches Roosevelt**

The fight on James J. Walker, mayor of New York, will doubtless drift into a battle between right and wrong.

Governor Franklin D. Roosevelt is pressing the investigation of Walker's administration, which doubtless will unearth many crooked things in the New York City administration.

Roosevelt's attitude in the fight will have much to do with his candidacy for the Democratic nomination. If he makes a real fight for truth, honesty, and justice; and shows up any fraud and graft that may exist, the country will take hold of him. If, on the other hand, he gets cold feet and helps smother things up, it will operate against him.

Charles Evans Hughes came to the front on account of his vigorous prosecution of insurance graft in the State of New York.

**RESOLUTIONS OF RESPECT**

Whereas, the Creator of the Universe has, in His infinite wisdom, removed from among us one of our worthy and esteemed co-workers, Earl Bryant Bennett; and, whereas, the association with him in the faithful discharge of his duties in this school makes it befitting that we record our appreciation of him; therefore be it

Resolved, That the cooperation which he has exercised in the aid of our school by service, contributions, and counsel, will be held in grateful remembrance;

Resolved, That the sudden removal of such a friend from among our midst leaves a vacancy and a shadow that will be deeply realized by all the members of the faculty, and will prove a serious loss to the school and the community;

Resolved, That with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to us all may be over-ruled for good by Him who doeth all things well;

Resolved, That a copy of these resolutions be spread upon the records of this school, a copy printed in The Enterprise, and a copy forwarded to the bereaved family.

**Unintentional Suicide**  
 Many people are slowly poisoning themselves just as surely as if they drank jodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Ferbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Clark's Drug Store, Inc.

**GOOD NEWS**  
 by your Fertilizer Dealer  
 No. 6

**I HAVE** a good supply of Chilean Nitrate for your side dressing needs in the new 100 lb. bag. They call it "the bag without a backache," and you sure can handle it easily. The new bags are good and sturdy. They don't rip. No waste. The price is also good news. It's lower than I can ever remember.

*Your Fertilizer Dealer*

**THE** new 100 lb. bags are good news to thousands of farmers. These sturdy bags reach you in good shape. The contents, too, keep in better condition in the new bag and won't sift out. Be sure you specify "Chilean" when you order your fertilizer. Then you'll get the real natural nitrate—the super-nitrate. This time-proved nitrate is now sold at the lowest price in years. Order now to have plenty for side dressing your crop. Remember the two kinds—Original Chilean (Crystalline) and Champion Brand (Granulated) both natural nitrate.

**GIVES FACTS ON TEACHERS' PAY AND TRAINING**

\$1,000 a year equals \$3.18 per working day.  
 \$1,200 a year equals \$3.84 per working day.

Carpenters, machinists, plumbers, lathers, plasterers, bricklayers, hod-carriers, engine-men, traimmen, motor-men, clerks in city offices, policemen, firemen, chauffeurs, dressmakers, milliners, and nurses are paid better than are teachers, at the annual salaries usually paid, though the education and professional preparation required for such services, except in the case of nurses, is not comparable with that required of teachers. No marked advance in raising the standards for entering the work, or in paying teachers on the basis of efficiency, is possible under such salary schedules.

When the American bill for education is compared with the bill for tobacco, drink, candy, and soda water, or amusements, and the importance of education in unifying our people and in saving and advancing the best interests of the race are remembered, such salaries as are now paid elementary and secondary school teachers in many of our cities—in practically all of the cities of some of our States—are little less than disgraceful. Considering the importance of the service and the cost of training and living, a beginning salary of \$600 to \$700 and increasing automatically to at least \$1,000 for elementary school teachers, and a beginning salary of \$800 to \$900, and increasing automatically up to at least \$1,200 for secondary-school teachers, is certainly not an unreasonable amount for any American city or town to pay.

Salary increases should be based upon "Ten Points": (1) Physical aspect of school; (2) Teacher's personality; (3) Adaptability; (4) Loyalty to school policies; (5) Spirit of cooperation; (6) Attitude toward pupils; (7) Discipline and control; (8) Teaching skill; (9) Professional interests; (10) General impression.

**NOTICE OF ELECTION**  
 An election is hereby called at the regular polling place in the Town of Williamston, North Carolina, between the hours of 8 o'clock and sunset on Tuesday, May 5, 1931, when the qual-

fied voters of the Town of Williamston will ballot for a mayor and five commissioners of the said town for the two years next after their election. The following person has been selected to sit registrar at his office on Main Street:  
 John L. Hassell.

The registration books will be open for registration of any new electors residing in the Town of Williamston and whose names do not appear on the books, as follows:  
 Books will be open on Saturday, April 4, and will close on April 25, 1931. Books will be open each day (except Sunday) from 9 o'clock a. m. until 5 o'clock p. m., and on Saturday from 9 o'clock a. m. to 9 o'clock p. m. at the office of J. L. Hassell in the building adjoining Harrison Brothers and Company's store on Main Street, in the town of Williamston, N. C. Saturday, May 2, will be known as challenge day.

By order of the Board of Town Commissioners of Williamston, North Carolina, in special session Tuesday, March 31, 1931.  
 This the 1st day of April, 1931.
