MALONE-PARKS

Beautiful in its simplicity was the marriage ceremony of the Rev. Jesse Leon Malone, of Ahoskie, N. C., and Miss Marie Parks, of Montecagle, Tenn., that took place last Monday, May 25, at the Episcopal rectory in Abingdon, Va., with the Rev. Wellford conducting the service.

Mr. Malone is the son of Mr. and Mrs. Ellis Malone, of near here. He finished high school at Christ School, Arden, N. C., then went to Dubose Memorial Training School in Montecagle, Tenn., where he completed the ministerial course last August. He was ordained deacon of the Episcopal church in September, then took up his work in Ahoskie, Murfreesboro, Winton, Gatesville, and Sunbury, where he has made many friends. He was ordained as priest a few weeks ago.

Mrs. Malone is the attractive daughter of Mr. and Mrs. J. W. Parks, of Montecagle, Tenn. She was educated in the State Normal School at Murfreesboro, Tenn., and at the George Peabody College, in Nashville, Tenn. She has taught in the public schools of Tennessee for the past few years.

Mr. and Mrs. Malone are spending their honeymoon in East Tennessee and in Western North Carolina. They will spend a short time with Mr. Malone's parents before going to their home in Ahoskie June 6th.—Reported.

Misses Nancy and Evelyn Davis, Catherine Everett, Marjorie and Cornelia Deal, and Messrs. Henry Johnson, jr., Frank Haislip, jr., William Haislip, Paul Rodgers, of Oakboro, and Edwin Deal all hiked to Williamston Monday afternoon to the show.

Episcopal Women's Auxiliary in Meeting

The regular meeting of the Woman's Auxiliary was held at the home of Mrs. Leslie Fowden on Monday at 4 o'clock. There was a goodly number present, and the discussions unusually interesting. The rector and Mrs. Stator gave interesting accounts of the district meeting, which was held at Woodville the week previous. The addresses of Mrs. Shelburne and Mrs. Outland were unusually interesting. Mrs. Stator was chosen chairman of the district at the time. A discussion of ways and means for the increase of funds in the treasury here resulted in the decision to give each member a small sum upon which to work for one month with the hope that much can be done. A call from Utah was answered by appropriating the small sum asked each auxiliary.

Improvement of the church yard was discussed and committees were formed to take the matter in charge.

The next meeting will be held at the home of Mrs. J. G. Godard on Monday after the second Sunday in June. Any change in the meeting will be given by the secretary, Mrs. N. C. Green.—Reported.

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at

to the beginning, the same being the office and lot now occupied by B. A. Critcher, attorney at law, and being same land deeded to H. D. Peel by S. A. Newell and wife by deed dated January 1, 1914, recorded in Book E-1 at page 515. This May 2, 1931. E. S. PEEL, Trustee.

Texaco Letter

Dear sir:

Each year when spring comes around you will find that winter has robbed your car of speed and power. The oil that has been in the crankcase all winter has collected dirt from the road. It will be thinned down a bit from "choking." "Winter-worn" oil, if left in the crankcase, may ruin the pistons and cylinders.

Resolve today not to take this chance. Drive in at the nearest Texaco station, and let them drain out the winter oil and refill with the New Crack-proof Texaco Motor Oil.

LISTEN to the quiet purr of your engine after the change has been made! A quietness that means every moving part is amply and surly protected against wear. A quietness that means your engine is again as good as new.

To make assurance doubly sure, fill up with the New and Better Texaco gasoline or *Texaco-Ethyl.

It IS a fact that Texaco stations are manned by attendants known for their skill and thoroughness in everything pertaining to automotive lubrication, and their un-failing courtesy to the customer. This, briefly, is what we have to offer you when we invite you in all sincerity to--- Drive In!

Very truly yours,
HARRISON OIL COMPANY.

Geo. and Gus Know Oil.

"The New and Better Texaco is the "regular" Texaco "DRY" gasoline; and Texaco-Ethyl is the "premium" Texaco gasoline. Both are worth every penny asked for them; but people who are flush (or like to feel flush), buy the Texaco-Ethyl. The few pennies more certainly give one a mighty prosperous feeling! And may we say it again---"No motor oil like Texaco for value."
