CONSULTATION take

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache."

"For a while I thought I wouldn't take anything—maybe I could wear out the headaches; but I found they were wearing me out."

"I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache."

"I am a firm believer in Black-Draught, and after using it 20 or more years, I am satisfied to continue its use."

—F. B. McKinney, Orange Park, Fla.

"More genuine satisfaction than any car I ever owned"

THE FORD is good-looking. It is safe. Comfortable. Speedy. Reliable. Long-lived. Economical. Everything a good car should be.

There is, too, an added something about it that brings enthusiastic comments from every one who has ever driven a Ford . . . the joy it puts in motoring.

"I have been a car owner continuously for nearly 20 years," writes a motorist connected with a leading university. "During this period I have bought eleven new automobiles. Eight of the eleven were in the middle-price field, one cost three thousand dollars, and the last is a Ford I purchased thirteen months ago."

"In the light of this experience I can say in all sincerity that I have derived more genuine satisfaction from the Ford than any car I ever owned. In saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want at a price I can afford to pay."

When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it. After thousands of miles of driving you will say "it's a great car." Its economy will save you many dollars.
