Smoot and the Tariff

Mr. Smoot is apparently willing to justify the sins of his own high tariff by saying it is not high enough, and that we should go higher to get even with England. Mr. Smoot seems to be more interested in the principle of trying to protect the interest of a few manufacturing friends than he is in perpetuating the peace and prosperity of our country.

Repeating the Words of the Criminal

Governor Ritchie of Maryland in criticising the laws of our country tried to make himself popular by saying we have too many laws. The governor was only repeating the words of the criminal in this saying. Let the governor come fair with the people, and say what law should be repealed.

Governor Ritchie's words are treasonous and seditious. Let him name the bad law, and he will, of course, have to confine himself to those he or his friends want to break or have already broken.

Can Never Win With Raskob

The Hoover administration has evidently done the Democratic party much good. But Raskob has, apparently hurt it more than Hoover has helped it. The people are demanding a democracy entirely different from the Raskob principles which are equally as monopolistic and high tariff in ideal as those advanced by Hoover or any other Republican in the country.

Restoring Small Town Business

Some of the secrets of restoring small town business, where it has shown signs of decadence, were pointed out by Dr. Julius Klein in a recent radio address to be found in a brisk resolute modernization program for the stores, the introduction of more rigid efficiency, remodeling or even transformation of equipment and arrangements, the installing of stock-control systems, the careful training of sales people, co-operative advertising, chamber of commerce activity, and the creation or arousal of keener civic consciousness.

PEANUTS! 5c per pound

For a limited time, we are willing to exchange our paper with the people of this county for one of their principal crops—Peanuts—at what we believe to be a living price for them, 5 cents per pound. We believe that peanuts are too low and that they will be higher in price if the farmers will hold them off the market for a time. To back our belief, we make this offer to exchange our paper for your peanuts in payment of your subscription on a basis of 5 cents per pound for the peanuts.

A 3 years Subscription For 1 Bag of Peanuts STANDARD SIZE

The regular subscription price of the Enterprise is \$1.50 per year; a three-year subscription would be \$4.50. An average bag of peanuts at 5 cents per pound would bring you approximately this sum. So, for one bag of peanuts we will allow a three-year subscription. No smaller quantity than one bag will be accepted.
