

**WOMAN'S CLUB IN
REGULAR MEET****National Music Week Is
at Last Meeting Held
Last Friday**

The April meeting of the local Woman's Club was held last Friday with a goodly number of members and visitors present.

In observance of National Music Week, a musical program was given under the direction of Mrs. P. B. Con, program chairman. "America" was sung in unison, and a vocal trio, "Springtime," was sung by Mrs. W. K. Parker, Mrs. W. C. Manning, jr., and Mrs. Wheeler Martin, accompanied by Mrs. W. H. Biggs.

Mr. W. R. Watson, principal of the local schools, made a very able talk on the needs of our schools. He stressed the special need for vocational training at this particular time, but on account of existing conditions he showed

why the Williamston school cannot add more than one course to its curriculum at this time, if any at all. The four courses needed, he declared, are: Agriculture, Handicraft or manual, commercial and home economics.

The principal also stated that the costs of equipment and maintenance of the above courses will be small as the building is partially equipped for home economics or domestic art course. The local school board has asked for some aid from the county fund to install remaining unnecessary equipment for this course. The club endorsed the petition of the local board.

Mrs. J. S. Rhodes sang "The Swallows," accompanied at the piano by Mrs. J. H. Saunders.

Mrs. W. C. Manning, jr. gave a very interesting survey of American Music, especially noting influence of the religious, Indian and folk songs upon our national music.

The club, all together, then concluded the program by singing "Dixie." A short business session followed during which the committee report-

**EXPRESS RATES
ARE LOWERED****Fruits and Vegetables Can
Now Be Shipped At
Pre-War Rates**

A reduction of express rates on fruits and vegetables from the Carolinas and Georgia, which will bring them to pre-war levels, was put into effect on April 25 by the Railway Express agency, V. D. Godwin, agent in Williamston, announced today.

This reduction in rates is made to meet the growing competition of peddler trucks and as an offset to the prevailing low prices of fresh fruits and vegetables throughout the consuming territory.

The growers in this section represented to the express company that owing to the drop in prices of fruits and vegetables such reductions were imperative. They indicated that it might otherwise be compelled to abandon the marketing of their crops by express and to dispose of a large part of their production to highway truckmen at the truckmen's own price or to forward by truck to nearby or distant markets at such rates as they can secure from day to day from available truck operators.

The express company's service, Mr. Jones stated, is preferred, both by growers and dealers and commission houses at the principal markets as the uncontrolled movement by highway truck and the sale of a large part of the crop to peddlers, it has been found, tends to demoralize the markets, which

A committee was appointed to see the masons about painting the building owned by them and shared by the club.

Mrs. J. G. Staton was selected as a delegate to attend the State Federation meeting in Winston-Salem. She was instructed to give \$10 to the Sallie Southall Cotton Loan Fund.

It was also voted to aid an old man in having two operations on his eyes after investigating the costs of various doctors. After that part of the last meeting relating to the selling of the club property was expurgated from said minutes, the club adjourned.—Reported.

must serve the greatest part of the consuming public.

The express company has for many years handled the less-than-carload movement of fruits and vegetables from this section and in an effort to preserve this traffic and to aid in the orderly marketing of the coming crop it has reduced its rates from 25 to 33 per cent, or to practically the pre-war level.

The reduction is intended as an experiment to determine whether the growers prefer to continue the long established marketing by express, or whether the growing practice of selling to highway truckmen and the consequent demoralization of markets and prices is to be continued.
