Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West, of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one-half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

COST OF STATE GOVERNMENT IS BEING LOWERED

Taxpayers Saved Over \$12,000,000 in Levies During Past Fiscal Year

It has taken just exactly \$12,228,000 less from the pocketbooks of the taxpayers of North Carolina to run their government this past fiscal year than it did the year previous, according to an analysis of the financial condition of the state released this week by Governor O. Max Gardner.

Coupled with that reduction in the property tax bill for the state is the significant fact that the cost of the operation of the departments and institutions of North Carolina has been reduced from \$8,658,000 in 1929 to \$6,176,000 for the current year, or a net reduction of 29 per cent in the cost of operating the government, it was shown in the governor's statement.

Getting down to a specific analysis of the governmental costs, it was shown that by reason of the action taken in the last General Assembly the total tax bill in Mecklenburg County, for instance, was reduced the grand sum of \$750,000, and Gaston county was able to slash off \$449,000 from its total property tax bill.

The total reduction throughout all North Carolina of 20.4 per cent of the property tax constitute the largest tax reduction ever achieved in the history of the state, it was pointed out.

Figures just completed by the Tax Commission show a total property tax levy of \$39,911,000 in 1930 and a drop to \$47,684,000 in 1931—the first year to have the benefit of the 1931 school and road legislation, and of the legislative and administrative economies put into effect in local government.

The analysis shows the remarkable reduction in county levies of \$10,055,000, in district levies of \$1,704,000, and in municipal levies of \$469,000. This means, the survey points out, that the businesses and industries of North Carolina were called upon to pay only four-fifths as much property taxes in 1931 as they were called upon to pay in 1930.

In other words, these governmental economies left just exactly \$12,250,000 more money in the pockets of the taxpayers of North Carolina that might easily have been taken under the normal and regular appropriations for the support of the government.

This is generally regarded in administration circles as the biggest reduction ever brought about in a single year by any state in the union.

More important than any of these reductions, in the minds of some, is the fact that the administration was able to shave off the impressive sum of \$2,760,000 from the salaries of state officials in the past year. That handsome saving in salaries alone is regarded as a very flattering contrast to the increase in salaries shown in the federal government.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all drug stores. ©1931, C.M.C.
