

NEMAR WILL DRIVE BLINDFOLDED WED. MAY 17th AT 3 P. M.

Thousands Are Expected Here For Great Free Show on Street

The **OUTLOOK:** Fair weather and a big crowd for Williamston Wednesday.

Merchants are offering special merchandise. Visit the stores and if your friends aren't all here, when you go home tell them to be certain to visit Williamston.

One of the most spectacular exhibitions ever staged in Williamston will be seen here Wednesday.

On Wednesday afternoon at 3 o'clock the world-famous Nemar will drive a new Ford V-8 automobile through the streets of Williamston, while Professor Nemar is totally blindfolded.

Madam Nemar will also ride in a new Ford V-8, or rather she will ride on the running board of the car, which will be chauffeur-driven, about 70 to 100 feet in the rear of Professor Nemar. The cars will be furnished by the Williamston Motor Company, Ford representatives here.

The drive will start in front of the Watts theatre at 3 p. m. sharp.

The metal mask which Nemar will wear during the drive was placed in the show window of Barnhill's De-

the sidewalk at any time prior to the drive.

Thousands of people from Martin and adjoining counties are expected to be on hand to witness the drive and take advantage of the bargains offered by the local merchants on Community Day. Community Day promises to be a bargain day for every one.

Professor Nemar will give away many gifts selected from the various stores cooperating.

Every merchant who is cooperating along with the Enterprise in staging this free exhibition on Community Day is offering a list of special bargains for the day. They are offering the biggest values in buying history. Superior merchandise will be offered at such small cost that the people who attend cannot afford to pass up the opportunity to purchase their spring and summer clothing on Community Day.

Professor Nemar will give a brief explanation as to how the drive will be accomplished and then proceed to visit the various stores, spreading hap-

NEMARITES

Those who follow the crowd and hear all that is said will get the most out of the big free street show here Wednesday. Nemar, still wearing his blindfold, will stop at a score or more stores in the business section and present to some one in the crowd a present which he picks up at the stores sponsoring his appearance on the streets. Madam Nemar tells her husband by mental telepathy to whom to give the present.

You'll be wanting a new outfit. Today is the time and Williamston is the place to buy it. Look at the advertisements in this newspaper and see the many things that are advertised. Save time and money by shopping first in the Enterprise. You see comparative prices here, and you see who has the merchandise without tramping all over town.

If you receive a prize today from Professor Nemar during the blindfold street show, visit the merchant from whom the gift came and express your appreciation.

Whether you have money to spend or not, visit the Williamston merchants often. You will find a hearty welcome and a willingness to serve you.

Williamston Motor Company is furnishing the new automobiles to be used in the drive today. Yes; they are new Ford V-8's.

Professor Nemar issued a denial today that he had requested police officers to clear the streets of all traffic so there would be no danger of an accident during the drive.

The Professor "checks out" when he gets his blindfold on and is set for the drive. Police in one city threatened to arrest him for speeding unless he checked his speed.

Professor Nemar said he would not allow any one to ride in the car with him for the reason that a passenger invariably yells or puts on an imaginary brake if he comes near striking any object on the street.

Pinness to every person who is lucky enough to receive one of the large number of free gifts from the local business houses.

It gives the Enterprise great pleasure to mention each merchant personally who is cooperating in this event. Department Store and may be seen from

What is believed to be the world's oldest tree is a bald cypress growing in Santa Maria del Tula, Mexico. Its age is estimated to be between 4,000 and 6,000 years.

Recommend Black Locust For Planting in Forests

Black locust is very highly recommended for forest planting. This tree grows very rapidly and is one of the most durable of woods in contact with the soil. This makes it desirable for fence posts and other building material that is put in or on the soil. It is also one of the legumes of the tree family and will enrich poor, eroded, or other depleted soil. A mixed planting of black locust with pine is recommended for Piedmont and Eastern North Carolina.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)
