**Hasty-Everett**

Robersonville, June 15.—(Special to The Enterprise.)—Of great interest to their many friends in this State and Virginia was the marriage of Miss Gladys Everett, of Robersonville, and Mr. Alvin Hasty, of Richmond, Va., on Monday morning in the Pullen Memorial Baptist Church, Raleigh, with the Rev. McNeil Potat officiating. Mrs. Hasty is the accomplished young daughter of Mr. and Mrs. Henry S. Everett. She was graduated from Meredith College, Raleigh, and since that time she has been a popular member of the Roper and Colerain school faculties. Mr. Hasty is the son of Mrs. Mammie Hasty, of Richmond. During the past several years he has been connected with the Export Tobacco Company on this market, gaining a large friendship among the people of this section. Following the ceremony, Mr. and Mrs. Hasty left for a trip to Western Carolina and a trip through the Valley of Virginia. After a short visit with relatives in Richmond, they will be at home here June 26.

**Cox-Perry**

Mr. and Mrs. Benjamin Franklin Perry announce the marriage of their daughter, Tillie Margaret, to Mr. Benjamin Franklin Cox, jr., on Sunday, the seventh of May, one thousand nine hundred and thirty three, Emporia, Va.

At home: Washington, D. C. No announcements in town.

**Mrs. Green Entertains**

On Wednesday evening at her home on Academy Street, Mrs. N. C. Green entertained with a bridge party complimentary to Miss Thelma McElhannon, house guest of Miss Ollie Marie Roberson.

**HOW SHE LOST 18 POUNDS OF FAT**

FOR LESS THAN \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio (Jan. 6, 1933). Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes. A jar that lasts 4 weeks costs but a trifle at any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back.

The lovely home was very attractive for the occasion, summer flowers being used with charming effect.

Miss Mary Carstarphen won high score prize and the guest of honor was remembered with a pretty gift. After the card games were over the hostess served an ice course.

Those playing besides the honoree were Miss Roberson, Misses Edna Barnhill, Josephine, Eva, and Rebekah Harrison, Katherine and Mary

Davis Hardison, Miriam Courtney, Mary Carstarphen, Julia Ward, Trulah Ward Page, Ruth Norton, Frances Williams, and Miss Goldberg.

**Community Cannery Is Organized At New Bern**

A community cannery has been set up at New Bern to save surplus produce from the community relief garden. Some 6,000 cases of vegetables are expected to be canned from the 150-acre garden.

**Makes \$118 Profit On Twelve Hives of Bees**

George Laxton, of Caldwell County, made a net profit of \$118 last year from the sale of honey from 12 hives of bees.

Mrs. Florence Brown, the 42-year-old Toronto, (Canada) woman, who is the mother of 24 children, believes she is the winner of the \$500,000-a-year will by C. V. Millar to the Toronto woman who, 10 years after his death, had given birth to the greatest number of children.

## Free Protection Against Typhoid Fever & Diphtheria

AT THE PLACES AND ON THE DATES MENTIONED BELOW

Typhoid fever is gradually being reduced, but there must be no let-up in vaccination. Now is the time to protect yourself against it. The season is at hand. Take the treatment every third year.

Diphtheria can be prevented by taking Toxoid. Have your children over six months of age immunized against it. It takes about five months to get the protection, so now is the time to take the treatment to be protected this fall.

There is no excuse for even a case of typhoid fever when perfect immunization for two years at a time may be obtained through attendance at the clinics scheduled below. It is the duty of every intelligent citizen to become inoculated toward all preventable diseases, especially Typhoid Fever—for their own protection as well as the protection of their neighbors. It is also their duty to do all in their power to persuade others to take preventive measures. Typhoid Fever, being frequently fatal, is a useless economic waste, as it is so easily preventable. Remember the schedule below and visit, without fail, the point nearest you on the dates mentioned.
