Home Betterment Club

The Home Betterment Club of Cemetery Hill met at the home of Mrs. J. B. McKeel Tuesday, January 23, at 2:30 o'clock. There were eight charter members present and four newcomers, two of whom joined our ranks in carrying forward the home betterment program.

After the usual business procedure, a short period was devoted to a discussion of the project studied at previous meetings of the year. Those present decided that it would be wise to discontinue our clothing project for a few meetings until the members are ready to begin work on their spring wardrobe. At this suggestion, a round-table discussion concerning future work was opened. Answering the demand of the "sweet tooth" it was decided that our next meeting would be devoted to candy-making. Those present volunteered to bring supplies for the demonstration. All members are urged to be present at this meeting, to be held at the home of Mrs. Ellen Coburn January 30. If you wish to have your favorite recipe demonstrated, bring the necessary supplies and we will be glad to help you.

After the business session the members were invited to the dining room, where Mrs. McKeel graciously served hot cocoa with wafers and salines.—Reported.

Is This Too Good for Your Cough?

Cromolium may be a better help than you need. It combines seven major helps in one—the best helps known to science. It is made for quick relief, for safety. Mild coughs often yield to lesser helps. No one can tell. No one knows which factor will do most for any certain cough. So careful people, more and more, are using Cromolium for any cough that starts. The cost is a little more than a single help. But your druggist guarantees it, so it costs nothing if it fails to bring you quick relief. Coughs are danger signals.
