

RELIEF WORKERS WANT 24 HOURS

Former Martin Resident Is Elected Chairman of Protest Group

Durham—J. T. Sarvis, unemployed white man who moved from Martin County to Durham last year, was last Wednesday night elected chairman of the Emergency Relief Association Protest League to appear Thursday morning before Arthur Langston, local relief director, to demand that they receive at least a 24-hour week.

work any longer for an 8-hour week. They declared they were not even getting "dry cornbread and salt back meat" out of such wages.

Farmers— Use Cal-Nitro Side and Top Dresser

Cal-Nitro will supply plenty of nitrogen to the plant—will resist leaching and continue to feed the crop—will not cause burning—gives the plant a quick start—helps correct soil acidity and is easy to apply by hand or machine.

ELECTRICITY IS CHEAP

Now that the "forgotten man" is being definitely remembered, something ought to be done about the Forgotten Woman.

Must she go on toiling in the same old way, using the same old methods in her daily work? Or is she to have modern equipment in her workshop—The Home?

A modern automatic Electric Range will give her many golden hours of freedom each week... easier, cleaner, faster cooking... meals that have added zest... and many, many more advantages.

Over one million women now enjoy electric cookery. Every woman deserves it... and thousands will have it soon.

It is within your means—NOW. A telephone call to us, or your dealer, will bring you full information regarding modern electric ranges; the low down payment; the easy terms; and the low operating cost.

Fascinating Facts of NATURE

NATURE created the land you farm, the seed you plant. To make land and seed produce better, she created three natural fertilizer materials—potash, phosphate, and Chilean Natural Nitrate.

Chilean NATURAL NITRATE

The only nitrogen that comes from the ground.

DAVY CROCKETT FEATURED IN AD

Another interesting historical point—this time about "Davy" Crockett—is being featured in the current Children's Natural Nitrate advertisement published in this paper.

TO BAKE PUFF PASTE

Baking of puff paste requires as much care and judgment as making. After shaping, chill thoroughly before baking. Puff paste requires hot oven 500 degrees, greatest heat coming from the bottom, that paste may properly rise.

Late Hatched Pullets Make Poor Producers

Reds and Rocks require a longer period to mature and it is best to hatch these out during early March, if possible. Late-hatched pullets of any breed will not make as good producers as early hatched birds and this applies especially to the heavy breeds of Rocks and Reds.
