#### BAYVIEW SCENE FATAL ACCIDENT YOUNG MAN DIES

Misses Bowen, Price And Taylor, of Near Here, Hurt in Accident

Jesse Woolard, young farmer of near Washington, was instantly killed and Miss Sudie Bowen, of near Wiliamston, was badly burned about her hands and dangerously shocked last Sunday afternoon when they came in contact with a 220-volt wire while swimming at Bayview. Miss Myrtle Price, daughter of Mr. and Mrs. R. S. Price, of near Williamston, was shock ed and burned on the arm when she tried to release Miss Bowen from the wire. Miss Marjorie Taylor, also of near here, was slightly shocked.

The wire, said to have fallen from its standard in a storm the night before, was hanging just a few feet from the water, and when some one threatened to push Miss Bowen unwire and could not let go. Miss Price failed in her efforts to pull her from the wire, and Woolard was attracted from a short distance, and when he went to relieve the girl he was killed instantly. There were about 25 Martin County people swimming in the Pamlico there during the afternoon, and the tragedy interrupted the afternoon program, it was said.

of the time, Miss Bowen spent several hours at the resort hotel before she was able to return to the home of her parents, Mr. and Mrs. Dave O. Bowen, near here.

#### TO REORGANIZE TO REORGANIZE Windsor Marable, 2b Whitehead, If

Distinguished Visitors Are Planning To Be Here for Event Thursday

The reorganization of Conoho Chapter, No. 12, R. A. M., will be effected at a special meeting of Royal Arch Masons in the Masonic Hall here on Thursday evening of this week at 8 o'clock, it was announced by Mr. Watson N. Sherrod yesterday.

The meeting, described as one of the most important held by Masons here in several years, will attract distinguished men, including Watson N. Sherrod, of Enfield, Grand High Priest of the Grand Chapter of Royal Arch Masons of North Carolina; William Ritchie Smith, of Raleigh, Grand Secretary D. E. Bullock, of Rocky Mount, Grand Royal Arch Captain; District Deputy Grand High Priest D. E. Phelps, of Windsor; Guy M. Harding, of Washington; G. T. Matthews, of Rocky Mount; and Dr. M. Daliba, of Wilson.

Every member of the Conoho chapter is urged to be present for the meeting.

## Property Values for 1933-1934, by Townships

The following tables show, by townships, the 1933 and 1934 valuations of real and personal property in Martin County, separately and collectively, also the increase in total valuation over the 1933 mark, as well as the percentage of increase or decrease. The figures are preliminary and will possibly be slightly altered by the county commissioners as errors in listing., etc., are reported. There were only two decreases noted, Robersonville and Jamesville Townships reporting slight losses in real property values. Losses in table are indicated by asterisk (\*).

Township	PERSONAL PROPERTY				REAL ESTATE				TOTAL VALUES				
Jamesville	\$ 120,598	1934	Gain	Pct.	1933	1934	Gain	Pct.	1933	1934	Gain	Pct.

#### COLONIALS AND MARTINS STILL IN TIE FOR TOP

der the water, she caught hold of the All Six Teams of League Back In the Line-up This Week

After a week of uncertainty surounding its operations, the Albemarle Baseball League took up its stride again yesterday when all six teams went into action. Standings were altered to balance the games. In a semi-conscious condition part ball with the return of the E. City and all is set for some interesting base and Windsor clubs.

With Edenton and Williamston tied for top honors, the league play is centering around those two teams, but some interesting games were reported by other clubs yesterday. two top teams have developed a deadlock, and it may be they will have to loss coins or roll the dice to determine the rightful owner of the leadership position.

Last Friday "Slim" Gardner unnexed honors for the local nine when he pitched a four-hit game and shut out Ahoskie, 1-0. Booth, pitching for Ahoskie, allowed only six hits, Brog-

## Campaign for Clerk of Court ALL FIRMS MUST To End With Vote Saturday BY 1ST OF JULY

Martin County citizens will select their next clerk of superior court Saturday of this week when they visit the polls to vote for either L. Bruce Wynne or John D. Lilley. The 1st primary results proved all preditions erroneous, and just how many will vote next Saturday and which of the two candidates will win remain unknown quantities. And while many believe there will be a comparatively light vote cast in the primary, they can be easily fooled as they were on June 2.

The campaign is drawing to a

hurried close and in about as quiet a manner as any similar campaign ever heard of in this county. However, the two candidates are working long hours daily in directing their appeals to the voters in person.

Mr. Wynne polled 1,170 votes, as against 964 polled by Mr. Lilley in the first primary held on June 2. Both candidates, so far, have conducted inexpensive campaigns, records of expenditures showing Mr. Wynne spent \$54.80 and received no contributions, while Mr. Lilley spent \$59.80 and

TO GIVE RETURNS

Arrangements are now being made to tabulate the returns from the second primary just as soon after the polls close next Satur-day as possible. With only one contest on the ticket, returns should start coming in within 30 or 40 minutes after the polls close at 7:18.

Registrar Slade White, of Poplar Point, was the first in with the complete returns from his precinct in the first primary, when all the district election officials cooperated splendidly in forwarding the counts. The Enterprise cordially solicits their aid in tabulating the returns Saturday evening of this week.

The returns will be posted in The Enterprise window as rapidly as they are received, and the public is invited to call around.

HOW MARTINS BAT

ting over .300, the Martins had won 4 games each week up to Saturday night. There is a reason, possibly, back of this poor showing at

the bat. So far, every opposing team has saved its best pitchers for the

series with Williamston, due to the club putting itself "on the spot"

by remaining at the top of the league standing ever since he season

started. Another thing, several of the regular players have started their

batting average on an upward climb, so it possible that the team may

clip for the past 18 games. Included in his 31 hits are 8 two-baggers,

3 three-baggers, and 2 bone runs. Besides leading in batting, Brake is tied with Earp in runs scored and number of two-basers, and out in front in total number lats, three-baggers, home runs, total bases, and runs. Earp, with a percentage of 360, is the only other Martin over

.300, except Doc Kugler, pitcher. Gaylord, with .278, is second in runs

batted in, two-baggers, and leads in sacrifice hits. Goodmon stands

second in runs scored and leads in stolen bases. Brogden and Taylor improved their batting average over their standing two weeks ago, but

there's room for more improvement. Uzzle fell off from .222 to .219,

so that's enough about that. As a whole, the team has been to bat 641

times, scored 95 runs on a total of 164 hits, including 40 for two bases,

4 for three, and 6 homers, which gives a percentage of 257, down 3

points from the last published figures two weeks ago, when it was .259.

Saturday, June 23, which, incidentally, comprise exactly half of the first

#### IS FIRST TIME NO LOSS SHOWN FOR NUMBER YEARS

Increased Values Expected To Effect Reduction In the Tax Rate

The downward trend reported in Martin County property values annually for the past several years has at last been checked, a preliminary, survey made of the 1934 listings showing a gain of about \$412,206 over those for 1933. The gain was confined mainly to personal property, and it is believed that a much larger increase would have been shown had a revaluation of all properties been made However, it is believed by some that a reduction would have followed a revaluation. At any rate, the listings how an upward trend in values and that in itself is really encouraging.

The nearly one-half million dollar gain in values is even more signifiant when the size of the property value decrease reported fast year is onsidered. In 1932 property values, excepting those listed by corporations, amounted to \$10,939,511. Last year Local Warehousemen Call ing loss of \$2,175,072. Prior to that time, substantial losses had been reported in nearly every one of the ten townships. Ham-40 checks were received last Satur- ilton, with a gain of \$39,276, shows day, amounting to approximately \$1, an increase of 51.5 per cent over the 1933 listings, it being the largest percentage of gain reported for either 200 checks due farmers in this county. personal or real property. Williamston, with the small increase of \$14,-661 in personal values, trails the list with a gain of only 4.1 per cent, or more than 20.1 per cent below the average for the county. However, the district, with a gain of \$66,515 in real values, led the county in gains for that class of property, averaging about 4 per cent over and above the county average for real estate gains. Bear Grass reported a substantial increase in real estate values as well as for personal property. Hamilton was next with the largest real estate gain, followed by Poplar Point.

Personal property values for the county were increased from \$1,273,-902 to \$1,604,814, a gain of \$330,912, or 25.9 per cent over the 1933 listings. Real estate values were increased from \$6,364,003 to \$6,444,848, a gain of \$80,-845, or 1.3 per cent. The total property values, not including corporation listings which will be verified to the county by state authorities within the next few weeks, amount to \$8,-049,620, a gain of about \$412,206, or 5.4 per cent over the 1933 total county values.

The accompanying table shows personal, real and combined values and percentage gain or loss for the years 1933 and 1934.

Dozen Martin Boys Apply for CCC Camp Positions

About 12 Martin County boys have applied for the seven positions creat-ed for this county in the Civilian Conservation Corps, it was learned from the welfare office this week. Other applications will be considered, it was announced.

The successful applicants will be examined and enrolled at Washington on the 16th of next month, and sent direct from there to the camps without first training at an army post, it is understood.
