Here From Wilson

Mr. S. S. Lawrence was here from Wilson Sunday afternoon.

Visit Relatives and Friends

Mr. and Mrs. Hugh Singleton and Mr. Frank Taylor, of Richmond, spent the week-end here with relatives and friends.

Visiting Dr. Eason

Dr. Lawson Spencer, of Richmond, Va., is visiting Dr. and Mrs. J. A. Eason here.

CARD OF THANKS

I wish to thank my friends who assisted me in saving my outbuildings from fire when my packhouse was fired by lightning and burned down last Thursday.

P. J. MODLIN.

Bowen - Peele

One of the most interesting of summer weddings took place Saturday morning, June 30, in Suffolk, Va., when Miss Ruth Elizabeth Peel, daughter of Mr. and Mrs. J. Lawrence Peel, of Williamston, became the bride of Alfred Dale Bowen, jr., son of Mr. and Mrs. Alfred Dale Bowen, of Suffolk.

The wedding was solemnized at 11 o'clock at the home of the bride in the Grace Apartments. The ceremony was performed by the Rev. E. C. Dean, pastor of the West End Baptist church, in the presence of the immediate families and a few intimate friends.

Immediately after the ceremony, Mr. and Mrs. Bowen left by motor for a northern wedding trip, at the conclusion of which they will make their home in the Grace Apartments. Mrs. Bowen is an alumna of North Carolina College for Women, Greensboro.

Mr. Bowen is a graduate of Virginia Polytechnic Institute, and is connected with the firm of H. J. Bowen & Co., in Suffolk.

Mr. and Mrs. Bowen are popular members of the younger social set of Suffolk, and the wedding is of interest throughout North Carolina and Virginia.

Bear Grass Club Meets

The Bear Grass Home Demonstration Club held its June meeting at the home of Mrs. John H. Jackson. There were several members present and six visitors.

After the business session recipes were handed out to the members. Then they went to the kitchen and cooked carrot souffle and wilted lettuce with bacon.

The hostess served iced tea and home-made cake. The next meeting will be held with Mrs. A. B. Rogerson.—Reported.

SMALL SPUDS TO BE STORED FOR LATE MARKETS

Eastern Growers To Hold Potatoes Smaller Than 1 7/8 In. Diameter

The possibility of increased demand for small potatoes later in the year has brought out a need for proper storage facilities.

Due to current low prices, growers in the eastern part of the state have agreed not to market before July 4 any potato smaller than 1 7/8 inch in diameter.

The drought condition in the middle west may reduce the crop enough to create a considerable demand for North Carolina potatoes later in the year, including the smaller spuds, said M. E. Gardner, professor of horticulture at State College.

Cold storage, of course, would be the best way of preserving potatoes, he said, since humidity and temperature could be regulated as desired. However, most growers will have to use other facilities.

To get the best results, he suggested the following:

Store only in cool, dry places. Do not store potatoes which have been cut or bruised while digging. Protect them from strong light and the direct rays of the sun—this is important, he said, since potatoes exposed to light become green and unfit for food.

Store the potatoes in barrels or baskets and in such a manner that the air may circulate freely among them at all times. Protected sheds, barns, sweet potato storage houses, tobacco barns, or similar buildings not being used for other purposes will make suitable places for the spuds.

SALES INCREASE FOR CHEVROLET

25,935 Units Sold During First Ten Days June This Year

The prediction made by W. E. Holler, general sales manager of the Chevrolet Motor Company, that sales would surge upward as a result of the substantial price reductions, as high as \$50 on some models, announced June 2, is borne out by the release of Chevrolet's sales report for the first 10 days of June. A total of 25,935 units were sold by dealers during this period, said Mr. Holler, which betters the brisk selling period of the first 10 days of May, when 21,688 units were sold, an increase of more than 4,000 units over the May period. This also exceeds the sales of the corresponding period last year.

The 10-day June figure reveals an upward trend in Chevrolet sales and reflects Chevrolet's success in reaching high-production volume to meet the public demand for the 1934 line. June sales will surpass the May total, an unusual accomplishment in the industry, Mr. Holler said.

Chevrolet sales for the year, including the June 10 report, reached the total of 316,181 units, a healthy margin over the same period in 1933, when sales totalled 247,121 units.

HINTS FOR HOMEMAKERS

By Miss Virginia Blount, Home Service Director Virginia Electric And Power Company

COLD DRINKS FOR HOT DAYS

Hot days demand cool drinks. Even the sight of the sparkling liquid in tall glasses, and the tinkling of the ice are cooling. How refreshed one feels after sipping a cold beverage, and when it is made of fruit juices it is of important food value because of the vitamins and minerals contained.

Spice Cups

Combine: 2 1-2 cups orange juice, 1-2 cup sugar, 1 cup pineapple juice, 2 cups water.

To this add grated rind of 1 lemon, 1 tablespoon of strained honey, 6 cloves, 1-2 teaspoon each of grated nutmeg, cinnamon, and 1-4 teaspoon allspice. Mix and let stand 3 hours. Strain and add 3 pints ginger ale. Stir briskly and serve in glasses containing a little crushed ice.

Cherry Punch

Mix: 1-2 cup pineapple juice, juice of 2 lemons, 2 cups cherry juice, juice of 3 oranges, 1 cup sugar.

Add 2 cups tea infusion and 1 quart ginger ale. Then stir in 1-2 cup of cherries cut in quarters and one banana sliced. Serve with crushed ice.

Mint Tinkle

Mix: 1 teaspoon green coloring, 3 cups cold water, 1-2 teaspoon peppermint flavoring.

Pour mixture into freezy tray of an automatic refrigerator, put metal divider in tray for making ice cubes. Set tray into freezing unit of refrigerator and allow to freeze.

Combine: 1 cup lemon juice, 3-4 cup sugar, 1 1-2 cups cold water. Stir until sugar dissolves.

Pour mixture into freezing tray, allow to freeze until mush-like in consistency; mash with spoon or potato masher, and mix with 1 cup cold water in pitcher. Partly fill glasses with icy lemonade mixture, add a green mint ice cube and decorate the beverage with a red marachino cherry, a slice of lemon, or a fresh mint leaf.

FACING FUTURE WITH SMILES

Business People Looking To Future With Confidence

With a general improvement noted in all lines of endeavor, Robersonville and other citizens of the community are facing the future with a smile. The first half of the year comes to a close this week with a much better feeling existing among nearly all people. Admittedly in a more secure financial condition than at any time in many months, the town and community are looking forward to the future with expressed confidence and without fear.

The local post office reports increased receipts over those of last year. Banking is considerably better, and all lines of business activity

continue to improve, reports clearly indicate. There are still a few willing workers out of jobs, but the unemployed number is far less in this section than it has been. With favorable weather from now on farmers predict good crops.

Only two banks of the 14,000 in the Federal Deposit Insurance Corporation are in difficulty, according to Chairman Leo Crowley, of Washington, D. C., who points out that none of the banks have failed in 1934.

WANTS

HOME-MADE CAKES FORMERLY handled by Parker Grocery Co. are now being sold at Pender's Main Street Store. All flavors and fillings. Same price.

GENERAL ELECTRIC ALL-STEEL REFRIGERATORS

Look to the mechanism of the refrigerator you buy. It represents 70% of your investment and determines how long and how well your refrigerator will serve you.

No other refrigerator has a performance record equaling that of the famous G-E Monitor Top. It is universally recognized as the standard of excellence and lowest in ultimate cost.

VanDyke Furniture Co.

Note of Appreciation

It is with whole-hearted appreciation that I tender my most sincere thanks to the people of Martin County who supported my candidacy and made possible my nomination as Clerk of the Martin County Superior Court. The loyalty shown and confidence expressed in my candidacy for the important position during the first and second primaries are highly valued and will long be remembered by me. It will always be my aim and great ambition to continue to merit the loyalty and confidence of all the people, and I offer this note of appreciation to express immediately my gratitude to every person who, in any way, aided my cause during the past two campaigns.

While my election is subject to the will of the voters next November, I assure each and every one that if I am elected, I will faithfully and diligently endeavor to handle the duties of the office of Clerk of the Martin County Superior Court to the best interests of our good county and in such a way to warrant the support and confidence accorded me in the recent contests.

I wish to state here that I recognize the right of the electorate to support the man of its choice in a political contest, and to those who supported my opponent, I hereby pledge my untiring efforts in performing the duties of clerk of court in a friendly, untiring, and efficient manner to the very best of my ability.

Respectfully,
L. Bruce Wynne
