**BUSINESS GAINS ARE SHOWN BY BANK'S REPORT**

Over \$800,000 Now on Deposit At Institution Here

With resources only slightly under the one million dollar mark, and with deposits well over \$800,000, the October 1 report of the Bank of Robersonville is recognized as one of the most favorable ever issued by the institution. The report reflects good business for this section, and gives clear evidence that the institution is doing all in its power to promote the progress of its patrons and the community. Through its policies of stability and sound banking, the Bank of Robersonville continues in an even greater position to serve its patrons and this section successfully and advantageously.

Its membership in the Federal Deposit Insurance Corporation, insuring deposits up to \$5,000, and the general improvement in business conditions coupled with able management, have

**COMPLETE PLANS OF BEAUTY SHOW**

Large Number Entrants for Bear Grass Event Next Tuesday Night

With arrangements virtually complete, present indications point to a marked success for an elaborate box party and beauty contest in the Bear Grass school auditorium next Tuesday evening at 7:30 o'clock. Bear Grass: Misses Vera Green Rogers, Mary Keel, Magalene Harrison, Mrs. Rossel Rogers, and others.

**REPORT IS MADE FOR PAST MONTH BY HOME AGENT**

Sixteen Women From This County Attended Meet At Raleigh

By Miss Lora E. Sleeper  
 With the beginning of August, 16 women were in Raleigh to attend the farmers' and homemakers' meeting and the state federation meeting. We were very proud to have Mary Wildman speak Thursday morning during the federation meeting. She gave a very fine talk on "What It Means to Receive Jane S. McKimmon Loan Fund Money." We are very sure more women are interested in the loan fund as a result of this short talk given by Miss Wildman.

There were no scheduled meetings with the girls during the two-month period. Time was given to individual work with the girls.

During this time there were 52 working days: 15 were taken on annual leave, 1 was taken for legal holiday, 27 were spent in the field and 8 were spent in the office; 1 day was devoted to welfare work. Eighty-seven different homes were visited, 41 of these were visited for the first time. Fourteen meetings were held and four meetings attended. Agent traveled 1,144 miles during the two-month period; 113 letters, one circular letter, and 181 curb market cards were sent out.

August field day was held August 30. This was the best field day meeting ever to be held in the county. The Bear Grass Woman's club had complete charge of the program for the day, and acted as hostess for our picnic supper. This meeting was held at the Presbyterian chapel in Bear Grass. Each club was scheduled for a part on the program, and the numbers included two old ladies, one carding cotton and the other spinning cotton. A quartet, dressed in old-fashioned dresses, sang a lovely old song. The garden reports and poultry reports were given attention, and for the first time the 4-H clubs were represented on the program. Misses Evelyn Everett, of the Gold Point community, gave a delightful talk to those assembled, "What a Short Course Means to a Club Girl." Mary E. Wildman was on the program, giving a most interesting talk. Mr. W. C. Maning gave a short talk which concluded our program.

A picnic followed the meeting. The meeting next year will be held in the Holly Springs community.

placed the institution in a favorable financial position in all of eastern North Carolina.

**TRANSFER TAX CERTIFICATE BY AGENTS ALONE**

Cotton Growers Are Not Allowed To Make Any Changes Themselves

Cotton growers are not allowed to transfer tax-exemption certificates from one farm to another without such transfer being made through the office of the county farm agent, warns Charles A. Sheffield, of State College, director of the cotton program in North Carolina.

However, share tenants on the same farm may exchange certificates among themselves by endorsing them, he said. The certificates may be paid for according to any arrangement agreeable to both buyer and seller.

But the secretary of agriculture has a price of four cents a pound as the price of certificates transferred from one farm to another and provided that the transaction must be conducted through the county agent, who will make a record of the exchange.

If agreeable to both parties, the certificates may be exchanged for commodities by a process of barter, Sheffield added, so long as the commodities are valued at the cash price of the certificates.

Sheffield also brought out that when a landlord receives part of a tenant's crop as rental on the land, the landlord must use his own exemption certificates in getting bale tags for that part of the crop which goes to him.

some growers failed to produce the full amount of their allotment, while other growers overproduced, arrangements were made for underproducers to sell the surplus part of their certificates to overproducers.

Ten additional Lincolnton County farmers are planting alfalfa this fall; some for the first time, and others adding to a profitable acreage.

**We Make Our Ice Cream**

In order to better serve the people of this section, we have installed elaborate equipment for the making of ICE CREAM.

The milk we use is produced by the Pet Milk Company. Before it leaves the factory it receives every test required by the United States Government and in the process of making goes through every sanitary requirement known to the milking industry.

**We Use Only Pure and Sanitary Flavors and Fruit Juices**  
 IN OUR ICE CREAM

We invite you to visit our shop to see this new equipment and see the cream as it is being made.

Try our ice cream. You'll agree with us that it is as good as any ice cream you ever ate.

**12c Government Loan On Cotton**  
 WE ARE NOW IN POSITION TO GIVE YOU 12c GOVERNMENT ADVANCE ON COTTON

Bring your cotton to the Warehouse, if it grades low middling, 7-8 inch or better. You will get the full 12 cents loan. This means that not one penny will be deducted for anything, when you deliver your cotton.

Should cotton never sell for more than 12 cents, or should it even go lower, you will not have to pay anything back, you will have the full 12 cents.

Those who stored their cotton with us last year and accepted the 10c advance, made money. We believe you will make money this year.
