

"It's more powerful than ever"

TEXACO **FIRE-CHIEF** GASOLINE

The U. S. Government specifies for its emergency use:—

"... a grade of motor fuel which is suitable for ambulances, fire engines, military and naval equipment, and other emergency vehicles under adverse conditions of starting and acceleration—"

(excerpt from U. S. Gov't. pamphlet FF-M-371)

Fire-Chief Gasoline exceeds these specifications!

It takes plenty of power to shoot a ten-ton fire engine through traffic. And that's what *Fire-Chief* Gasoline was made to do!

Today more than ever, *Fire-Chief* is even better than the U. S. Government specifies for "emergency" service. It's faster—more powerful—higher in anti-knock value than ever before!

Put this "emergency" gasoline to work in your car. It gives you everything you want—does everything better—at the price of ordinary gasoline.

Try a tankful today at the red Texaco pump. A livelier, more powerful car will tell you why *Fire-Chief* is today bought by more tourists than any other brand of gasoline!

WHAT DO REPAIRS COST?

● You never can tell!

But when you buy a MARFAK chassis lubrication job you're getting the finest prevention against repairs due to wear. Marfak protects against wear. It lasts twice as long. Drive in today and we'll prove it to you.

When You Fill Your Car With

HAVOLINE OIL

You Have the Satisfaction of Knowing

You have the satisfaction of knowing that you are using the BEST OIL that money can buy. Those who have tried it and given it a real test say it is America's best lubricant. It is delivered direct to you in substitution-proof refinery-sealed cans that prove to you that you are getting genuine Havoline Motor Oil—Waxfree and Tarfree. Change to Havoline. You won't regret it.

Let Us Marfak Your Car

Marfak service is given at almost any Texaco station. There is nothing in the history of lubrication to compare with it. Marfak is a tough grease-lubricant that will withstand pressure, wear, chemicals, and dirt that no grease has been able to stand before. It will stay on gears and stays on shackle-bolts longer. You'll find that MARFAK lasts more than twice as long as ordinary greases.
