Eastern North Carolina is the garden spot of the world, and Williamston is not only the garden spot of Martin County, but is in one of the very best sections in the State. It is the hub, gateway, and great trade center for all of this fine Roanoke and Chowan section. Any business man is lucky to have a nice place to do business in Williamston. No town in North Carolina has a better class of stores, merchants and clerks. And after having a very large local trade they draw business from six or eight counties. Williamston is a live town—watch it grow.

Mr. G. W. Blount, one of the best known and most successful merchants in Martin County, has just moved into his new store, where he is better prepared to serve his old customers and make new ones than ever before. Give him a trial, and you will save money.

Williamston is a growing town. In fact, it is one of the attractive places of a fairyland, where the south wind blows softly through the long leaf pine tops, where the native songbirds sing their sweetest notes.

Come to Williamston, where you have a standing welcome, and where the optimistic spirit prevails, where the people are satisfied and happy.

Shivering

Burning with Fever  
Sure Relief for Malaria!

Don't try homemade treatments or untried remedies! Take that good old Groves' Tasteless Chill Tonic. Soon you will be yourself again, for Groves' Tasteless Chill Tonic not only relieves the symptoms of Malaria, but destroys the infection itself.  
The tasteless quinine in Groves' Tasteless Chill Tonic kills the Malarial infection in the blood while the iron it contains builds up the blood to overcome the effects of the disease and fortify against further attack. The twofold effect is absolutely necessary to the overcoming of Malaria. Besides being a dependable remedy for Malaria, Groves' Tasteless Chill Tonic is also an excellent tonic of general use. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle today at any store.
