

Lincoln County farmers say they will plant some 200,000 pounds of lespezo seed on small grain and will sell another 100,000 pound elsewhere. Fifty new trench silos will be dug in Alleghany County next summer due to the favorable results secured with those dug last season.

CARDS RETURNED BY 234 PARENTS IN MARTIN COUNTY

Response by Parents Over State Is Classified as Only "Fair"

North Carolina parents are classed as "fair" in their responses to the appeal of the Bureau of Census, the State Board of Health and the State ERA for a complete registration of babies born in the State during the past year, Dr. John H. Hamilton, director of the Division of Vital Statistics, is informed.

North Carolinians had reported approximately one-third of the number of births recorded for 1933 on the little cards sent out from Washington up to the end of last week. Recorded births in 1933 reached 75,422 in 1933 and already in 1934 the number has reached 79,350, by which Dr. Hamilton estimates that complete recording will show at least 80,000 births in the State last year.

Martin County parents have reported in the present "Register Your Baby" campaign the births of 234 children during the past year, or 33.2 per cent of the 705 actually recorded births for the year 1933, up to last week, as compared with about 33 per cent for the State, Dr. Hamilton said.

This indicates that fully 50,000 parents in North Carolina have had children born to them during the past year who have not filled in the buff-colored cards distributed by the Post-office Department to them from the postoffice from which they receive mail, said Dr. Hamilton. The children who have thus been slighted may have occasion many times in the future to condemn the parental neglect, the vital statistics man said.

The campaign is about to end, but there is yet time for parents to secure these cards from the nearest post office, the State Board of Health or from the field or case workers for the relief organization, if they have misplaced those received earlier, and get

Bilious Attacks

For bilious attacks due to constipation, thousands of men and women take Theodor's Black-Draught because it is purely vegetable and brings prompt, refreshing relief. "I have used Black-Draught," writes Mr. T. L. Austin, of McAdenville, N. C. "There is a package of it on my mantel now. I take it for biliousness. If I did not take it, the dullness and headache would put me out of business. It is the quickest medicine to relieve me that I know."

WINNERS OF COUNTY TOURNAMENT

Undeclared in regular play in the county during the past two years, the Jamesville girls' basketball team, pictured above, added new honors to its list this week by winning the championship title in the high school tournament here. The team is coached by C. B. Martin. The names: Bottom row, left to right: Edna Guy Carson, Louise Martin, Viola Manning; middle row: Edna Mizelle, Mavrine Davis, Selma Ange, Beulah Hardison and Marjorie Brown; back row, J. T. Uzie, and C. B. Martin.

HANDSOMEST

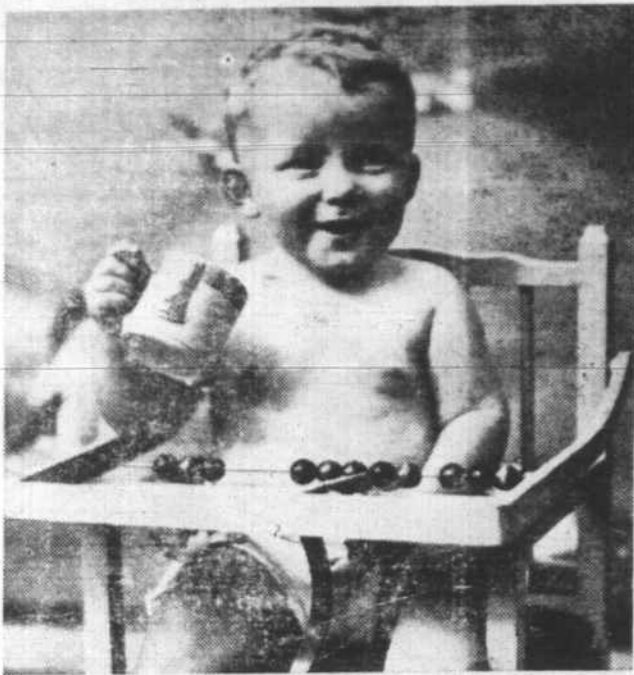

As a member of the Martin County all-star basketball team, Dick Cherry walked off with high honors in the Washington all-star basketball tournament this week, when he was chosen the best-looking player on any of the eight teams, not even excepting Murphy L. Barnes.

Man Kicked by Mule Is Still in Critical Condition

Injured last Sunday when kicked by a mule, Perlie Moore, white farmer living near here, continues in a critical condition in a Washington hospital, last reports stating that the man might recover if pneumonia does not develop. Mr. Moore has been operated on twice this week, the second operation being necessary when the seven stitches taken to close a wound in his liver failed to hold, it was stated.

HEY, BIG BOY, I Can Tell You Sumpin' 'bout YOUR CROPS

"You know I need vitamins in my food. They make me big and strong and healthy."

"And your crops are like me—they need things in their food that act like vitamins in mine."

That's a fact . . . and becoming better known every day. Your crops do need vitamin-like elements—the so-called impurities, such as boron, iodine, calcium, strontium, sodium, potassium, lithium and so on.

Chilean Natural Nitrate supplies these vital impurities, in Nature's own proportions. That's why this nitrogen fertilizer produces such healthy, money-making crops.

For your own protection say "Chilean" when you order nitrate. Two kinds—Champion (granulated) and Old Style. Both genuine. Both natural. Both Chilean. And both give your crops the vital impurities.

"A Pure Food and Drug Act for plants would be a death warrant to all living creatures."
—Scientific American
