### Proper Adjustment Necessary

We dislike to be forever lambasting big industry, yet when it so persistently organizes a great system of false propaganda, tending to divert the minds of the people from the true facts, it deserves lambasting.

This propaganda material comes from dozens of places and is written by expert distorters and twist-ers of the truth.

The fact remains that everybody knows when a labor-saving machine is rolled into a factory that it is meant to save the owner of the machine from the cost of the labor of one or more persons—which, in short, means the return of the old jounge law, "survival of the fittest."

If the machine succeeds, the man starves, because there is no one else who needs him. Experience has taught us that the machine has not failed; therefore, it is only a producer, and never a user, of its own product, which creates a surplus because there is no one to buy, since the very fellow whose job the machine took is no longer able to buy.

Our greatest job is to learn the proper adjustment of the new order of things. Whereas two-thirds of all the work was done by man 50 years ago, it is now done by machine.

There may be a way out, but it has not been found yet.

### Higher Type of News Needed

News is hard to find these days. There was a time when the people at large relished good, wholesome news, regarding things and folks. Such things now seem to be of little interest, and we have a people who have seen so much and heard so much—most of which has not, nor does not amount to so very much—that it takes a real fiery sensation to arouse the sleepy minds to give attention to the things about us.

We apparently relish stories of tragedies, scandals, and things along that line, even more than we do the wholesome things that would stir people to strive for better homes and a higher plane of living.

We stress community interests that bring more money to the community far more than we do the things that give us normal and mental uplift.

More news of a higher type is one of the great needs of the day.

### "Liquor Control"

The newspapers generally speak of the proposed liquor law as "the liquor control bill." In this, we suspect they are, in most cases; un mindful of the truth of the expression. They doubtless speak thus because they think it means for people to control liquor, when, as a matter of fact, its only true meaning is for liquor to control people.

They seem to be unaware that they are whooping up the DuPont-Raskob combine's big liquor trust, the sole purpose of which is to grow rich out of the life's blood of human beings, giving in return nothing but sin and misery.

Don't let liquor control. It is a destroyer of law and man.

### Borrowing and Lending

Do not let low interest rates tempt you to borrow unless you really need the money. The old rule, "Never buy a thing unless you need it, no matter how cheap it is," is just as true now as it ever was.

If we borrow money, the notes are sure to come due, and unless we have made a big lot of profit on the investment, we will find it hard to pay. It is much harder to pay back money borrowed in good times than it is to pay back money borrowed in bad times, because we cannot borrow so much during the latter period.

One of the death-blows; in fact, the real foundation of our hard times was back in 1919, when everybody was lending money freely. They were out hunting for borrowers, which can always be found, and when everybody became either a big borrower or a big lender the crash came and both the borrower and the lender were "busted."

Do not let the get-rich-quick fever get you. It generally means financial death.

### Cause and Effect

Political aspirations generally produce very poor legislation.

able trouble to dairymen. To correct this trouble and remove the flavor from milk the cows should be taken off pasture at least six hours before milking.

### Suggest Method for Controlling Worms

To effectively check tobacco bud worms, applications of the poisoned mixture should be begun ten days to two weeks after the plants are set in the field, and the treatment should be repeated every week or ten days until the plants are topped. The applications should be made early in the morning when the tobacco bud is open. A small pinch of the poisoned corn meal bait dropped in the center of the bud will give best results.

### LEGAL NOTICES

NOTICE North Carolina, Martin County. Under and by virtue of the power of sale contained in a certain deed of trust executed to the undersigned trustee by Julius A. Taylor and wife, Alice F. Taylor, on the 20th day of January, 1933, and of record in the public registry of Martin County in book H-3, at page 121, said deed of trust having been given for the purpose of securing note of even date and tenor therewith, default having been made in the payment of said note, and the stipulations contained in said deed of trust not having been complied with, the undersigned trustee will, on Monday, the 15th day of April, 1935, at 12 o'clock m., in front of the courthouse door in Williamston, N. C., offer for sale to the highest bidder,

### LEGAL NOTICES

for cash, the following described real estate, to wit:

Bounded on the east by the Black branch and the Askew land, bounded on the south by the lands of Peel and Godard, on the west by the lands of Peel and Godard, on the north by the lands of L. B. Harrison, containing 73 acres, more or less, and being the same place where they now live.

est bidder, for cash, the following described land:

It being known as the "Whitfield Tract" and containing sixty acres, more or less, reference being hereby made to the division among the heirs of L. R. Brown, deceased, for a more particular description of the same, and being the same land conveyed by Ebenezer Hyman and wife to Tabitha E. Hyman, James M. Hyman and wife, Jennie, H. L. Hyman and John T. Brown and wife, Mary A. Hyman, K. L. Harrell and wife, Mary C. Harrell, B. F. Hyman and wife, Bethiah Hyman, to Hugh H. Hyman, by deed recorded in the office of the Register of Deeds for Martin County in book 2, page 619, references being made to deed from N. J. Hyman and others to H. Z. Hyman, recorded in the public registry of Martin County in book E-1, page 528.

This 25th day of March, 1935. B. A. CRITCHER, Commissioner. mr29 4tw

### NOTICE OF ELECTION

An election is hereby called at the regular polling place in the city hall in the town of Williamston, North Carolina, between the hours of 8 o-

### LEGAL NOTICES

clock a. m. and sunset, on Tuesday, May 7, 1935, when the qualified voters of the Town of Williamston will ballot for a mayor and five commissioners of the said town for the two years next after their election.

The following person has been selected to sit as registrar at the office of Mayor John L. Hassell on Main Street: Theodore Hassell; and J. E. Pope and Roy T. Griffin will be the judges of election.

The registration books will be open for registration of any new electors residing in the Town of Williamston, and whose names do not appear on the books, as follows:

Books will be open on Saturday, April 6, 1935, and will close on April 27, 1935. Books will be open each Saturday from 9 o'clock a. m. to 5 p. m. at the said office. Saturday, May 4, 1935, will be known as challenge day, and the books will be opened that day for inspection between the hours of 9 a. m. and 3 o'clock p. m.

By order of the Board of Town Commissioners of Williamston, N. C., in regular session April 1, 1935. This the 1st day of April, 1935. G. H. HARRISON, ap5 4tw Clerk.

### We Need To Give Thanks

The courthouse is a very busy place these days. Scarcely anything affecting the public interest is left out. And while it may appear that too much is being done for the good of the people, yet when we consider how little so many of us have done to take care of ourselves in emergencies, and how helpless some of us are, we must concede that we have a great government, a government with a heart to serve humanity.

Without some such aid and assistance we might have destroyed our own government, which has faced oppression and depression about as long as the people could stand it.

On a visit one day last week, the activities in our county courthouse were found to be along the following lines:

One department was teaching better and more economical methods of farming; in another, better home and housekeeping methods; there was found a department where the adopted methods of education are being administered and promoted. Going further, a department is found to make and keep permanent records of legal documents and court proceedings; then comes an office where deeds, mortgages, marriage, birth and death records are kept.

Passing on, offices are found where people are hard at work trying to make sensible adjustments in crop production so that men may farm at a profit. And here is another office for loaning money to build homes, clear land, and start people in life by buying farm homes. Another department loans money to distressed farmers unable to buy the necessary things that a farmer needs to carry on farming.

One of the big things found in the courthouse is what is commonly designated as the welfare department. This is the place where the old and infirm, the lame and the halt come for alms. To this office comes some very good people who have not been able to buck the tides of poverty and adversity; as well as a good many lazy, shiftless people who are weak in knowledge and in desire to work. Altogether, this is the place where the mixed multitudes gather for help.

We find in the same courthouse a peace office, and a place where tribute is collected to take care of all of these projects; also a place where dangerous people are kept that the person and property of honest people may be safe. These processes of our government were all going in full blast on this particular day, as well as a session of United States court to inquire into law violations.

Everything found in a round-up of the activities of our county, state, and Federal government is designed to serve the best interests of the people, who constitute the government. Certainly, we have to admit some mistakes are made; especially so in the new projects, which have generally been of an experimental nature. Yet when we stop to think of what a wonderfully fine government we have, we need to give thanks.

### HINTS FOR HOMEMAKERS

By Miss Virginia Blount, Home Service Director Virginia Electric And Power Company

#### "Let's Eat Pie"

Pie is said to be a most typical American food. The statistics of our public eating places show that pie is the favorite dessert of the great majority of people and if a census of our homes could be taken pie would probably take first places as the one most popular food. Pies are even more of a favorite with our men, if you want to particularly please them.

#### Bananna Butterscotch Pie

2 egg yolks 1-2 c brown sugar 1 c milk 3 T. water 1-4 t. salt 1-4 t. orange extract 2 T. flour 1-2 c. white sugar 2 T. butter 3 good sized bananas, sieved or mashed. 1-4 t. vanilla 1-4 t. lemon extract. Beat the egg yolks in a sauce pan

and add brown and white sugar, flour milk, water, butter and salt. Cook until thickened, stirring constantly. Simmer at the boiling point for two or three minutes. Remove from fire and add flavoring extracts. Cool, add sieved banana, and pour into baked pastry shell. Cover with a meringue or whipped cream.

#### Chocolate Pie

5 1-2 T. cocoa 5 T. flour 3-4 c. sugar Pinch salt 2 c. milk 2 eggs 1 T. butter 1 t. vanilla.

#### Meringue

2 egg whites Few grains salt 4 T. sugar 1-8 t. lemon extract.

Put the milk in a double boiler and scald, then combine carefully with the cocoa, flour, salt and sugar, which have been mixed together. The mixture must be stirred until it thickens to prevent lumping, then left to continue cooking for 15 minutes, more or less unattended. Then the two eggs, beaten together, are added, and the cooking continued two minutes longer. Add butter and vanilla and beat yolks of 3 eggs, slightly; stir in a little of the hot mixture; pour back in-

to double boiler, cook two minutes stirring constantly. Remove from heat and stir in quickly 1-3 cup sugar which has been caramelized, 1 t. vanilla and 1 t. butter. Add 1 cup or more of chopped pecans. Fill a baked pie crust or individual tarts.

Beat whites of 3 eggs stiff, add 6 T. of powdered sugar and 1-2 t. vanilla. Pile lightly on pie or tartlets and brown delicately in electric oven 325 degrees.

#### Caramel Pecan Pie

Mix 3-4 c. sugar, 6 T. flour, 1-4 t. salt in the top of a double boiler. Add 2 cups milk. Place over boiling water and stir until mixture thickens, cover and cook 10 minutes. Beat the Top with whipped cream or meringue, the filling vigorously enough to blend them in well.

Cool and pour into a baked crust.

### Certain Feed Causes Bad Flavored Milk

Any high flavored feeds such as turnips or rye will give milk an objectionable flavor if fed during or shortly before milking. For this reason they should always be fed after milking. At this season of the year wild onions also cause consider-

# Think..

# only \$465\* for a New Chevrolet!

New Standard and Master De Luxe . . . in eleven beautiful body-types . . . all with valve-in-head engine . . . all providing the same basic Chevrolet quality

TALK about value! . . . You certainly get it, in overwhelming measure, when you buy one of the big, beautiful, finely-built Chevrolets for 1935. Chevrolet prices are the world's lowest prices for a six, but that's only half the story, as you will quickly agree when you examine and drive a new Chevrolet. All of these new Chevrolets are the highest-quality cars in Chevrolet history . . . finely engineered . . . precision-built . . . made with a degree of accuracy new even to Chevrolet in the low-price field. And their performance is a thrilling new kind of performance that would be considered exceptional even if they sold at much higher prices. The new Master valve-in-head

engine, with which all these cars are equipped, gives power that will surprise you . . . getaway well beyond your expectations . . . smoothness, stamina and reliability of the famous valve-in-head kind. And it gives this new performance with even lower gas and oil consumption than in previous Chevrolets, which means that you will save money, mile after mile, by buying a Chevrolet! Visit your nearest Chevrolet dealer and get full information about the New Standard Chevrolet, with list prices of \$465 to \$550, at Flint, Mich. . . and the new Master De Luxe Chevrolet—the aristocrat of the low-price field—with list prices of \$560 to \$675, at Flint, Mich.
